

Short CV with publications

PERSONAL DATA

Name: **Sonia Migliorati**

Address: Department of Economics, Management and Statistics (DEMS), University of Milano-Bicocca, Piazza dell'Ateneo Nuovo 1, 20126, Milano, Italy

Phone: +39 02 6448 5874

E-mail address: sonia.migliorati@unimib.it

EDUCATION

Laurea (M. Sc.) in Economics (1991), University of Brescia, Italy

Ph. D. in Statistics (1994), University of Trento, Italy

ACADEMIC RECORD

1996-2000: Assistant Professor of Statistics, University of Milano (1996-1998) and University of Milano-Bicocca (1998-2000), Italy

2000-2005: Associate Professor of Statistics, Department of Statistics, University of Milano-Bicocca, Italy

2005- 2012: Professor of Statistics, Department of Statistics, University of Milano-Bicocca, Italy

2012-present: Professor of Statistics, Department of Economics, Management and Statistics (DEMS), University of Milano-Bicocca, Italy

TEACHING EXPERIENCE

Multivariate statistics, statistical models, Bayesian statistics, and computational statistics.

OTHER ACTIVITIES

Coordinator of the Bachelor's Degree Program in Statistics and Information Management (2005-2011), Chair of the Academic Board of the Bachelor's and Master's Degree Programs in Statistical and Economic Sciences (2016-2019), member of the Academic Senate (2021-2024), Vice Rector for Orientation and Placement (2025-present).

MAIN RESEARCH INTERESTS

Statistical models, Bayesian inference, computational statistics.

RECENT PUBLICATIONS

Peer-reviewed journal articles (in reverse chronological order)

(2025) Ascari, R., Migliorati, S., Ongaro, A. "A New Dirichlet-Multinomial Mixture Regression Model for the Analysis of Microbiome Data", *Statistics in Medicine*, 44.

- (2025) Giampino, A., Ascari, R., Migliorati, S. “A flexible mixed-membership model for community and enterotype detection for microbiome data”, *Computational Statistics & Data Analysis*, 210.
- (2024) Ongaro, A., Migliorati, S., Ascari, R., Ripamonti, E. “Testing practical relevance of treatment effects”, *Statistical Papers*, 65(7), 4121-4145.
- (2024) Ascari, R., Di Brisco, A., Migliorati, S., Ongaro, A. “A Multivariate Mixture Regression Model for Constrained Responses”, *Bayesian Analysis*, 19(2), 377-405 [10.1214/22-BA1359].
- (2024) Gerli, S., Ascari, R., Migliorati, S., Cigna, T., Borrotti, M. “Beyond human labelling: an automatic topic identification framework for big web data”, *Electronic Journal of Applied Statistical Analysis*, 17(3).
- (2023) Di Brisco, A., Bongiorno, E., Goia, A., Migliorati, S. “Bayesian flexible beta regression model with functional covariate”, *Computational Statistics*, 38(2), 623-645 [10.1007/s00180-022-01240-5].
- (2021) Ascari, R.; Migliorati, S. “A new regression model for overdispersed binomial data accounting for outliers and an excess of zeros”, *Statistics in Medicine*, DOI: <https://dx.doi.org/10.1002/sim.9005>.
- (2021) Migliorati, S., Monti, G., Vighi, M. “Ecological hazard assessment via species sensitivity distributions: The non-exchangeability issue”, *Biometrical Journal*, 63(4), 875-892 [10.1002/bimj.201900404].
- (2021) Di Brisco, A., Migliorati, S. “A spatial mixed-effects regression model for electoral data”, *Statistical methods & Applications*, 30(2), 543-571 [10.1007/s10260-020-00534-6].
- (2021) Oliveira dos Anjos, T., Polazzo, F., Arenas-sánchez, A., Cherta, L., Ascari, R., Migliorati, S., et al. “Eutrophic status influences the impact of pesticide mixtures and predation on *Daphnia pulex* populations”, *Ecology and Evolution*, 11(9), 4046-4057 [10.1002/ece3.7305].
- (2020) Ongaro, A., Migliorati, S., Ascari, R. “A new mixture model on the simplex”, *Statistics and Computing*, 30(4), 749-770 [10.1007/s11222-019-09920-x].
- (2020) Di Brisco, A., Migliorati, S., Ongaro, A. “Robustness against outliers: A new variance inflated regression model for proportions”, *Statistical Modelling*, 20(3), 274-309 [10.1177/1471082X18821213].
- (2020) Di Brisco, A., Migliorati, S. “A new mixed-effects mixture model for constrained longitudinal data”, *Statistics in Medicine*, 39(2), 129-145 [10.1002/sim.8406].
- (2018) Migliorati, S., Di Brisco, A., Ongaro, A. “A new regression model for bounded responses”, *Bayesian Analysis*, 13(3), 845-872 [10.1214/17-BA1079].
