

THE RECTOR

HAVING REGARD TO Ministerial Decree no. 270 of 22 October 2004 on amendments to the regulations concerning the academic independence of universities, approved with Ministerial Decree 509/1999;

HAVING REGARD TO the Charter of the University of Milano-Bicocca, issued by Rector's decree no. 0010332/15 of 3 March 2015 and published in the Official Gazette of the Italian Republic - General Series no. 67 of 21 March 2015;

HAVING REGARD TO Law no. 240 of 30 December 2010, "Regulations on the organization of universities, academic staff and recruitment, and authorization to the government to promote the quality and efficiency of the university system";

HAVING REGARD TO Ministerial Decree no. 226 of 14 December 2021 "Regulation laying down rules for accreditation of doctoral venues and courses and criteria for the establishment of doctoral programs by accredited bodies", specifically Article 10 "Industrial PhD";

HAVING REGARD TO the Regulations of PhD Programmes of the University of Milano-Bicocca, issued by the Rector's decree no. 0122742 of 27 February 2025;

HAVING REGARD TO the Ministerial Decree No. 1193 of 9 August 2024 by which the Ministry of Universities and Research (MUR) granted, upon the assent of the National Agency for the Evaluation of the University System and Research (ANVUR), the accreditation of the Program in Strategic Innovation for Sustainable and Smart Ecosystems having its administrative seat at the University of Milan-Bicocca;

HAVING REGARD TO the Ministerial Decree no. 301 of 22 March 2022 "Guidelines on accreditation for PhD Programmes according to art. 4, paragraph 3 of the rules referred to DM no. 226 of 14 December 2021"

HAVING REGARD TO the resolutions of the Academic Senate at its meeting on 5 March 2025 and of the Board of Directors of the University of Milano - Bicocca at its meeting on 18 March 2025, concerning the establishment of PhD Programmes – XLI - with administrative offices at the University of Milano - Bicocca and the funding of the related scholarships;

CONSIDERED that the call for PhD programs related to the XLI cycle of the University of Milan - Bicocca will be organized in two sessions, the first session will have as its publication on 21 March 2025 and closing date on 24 April 2025, the second session will have as its publication date on 11 July 2025 and closing date on 24 July 2025;

HAVING REGARD TO the resolution no. 263/2024/CdA of the Board of Directors of the University of Milano - Bicocca in the session of 29 April 2024, relating to taxes and grants for PhD courses for the 2024-2025 Academic Year;

HAVING REGARD TO Ministerial Decree no. 247 of 23 February 2022 concerning the increase of the PhD scholarships;

HAVING REGARD TO Law no. 33 of 12 April 2022 and to Ministerial Decrees no. 930 of 29 July 2022 and no. 933 of 2 August 2022 relating to the possibility of simultaneous enrolment in two courses of higher education;

HAVING REGARD TO the Rector's Decree no. 26712/22 of 29 March 2022 by which all the committees for the admission to the PhD programs of Milano-Bicocca University are authorized to meet always remotely or by videoconference. Besides the admission tests can be carried out remotely;

HAVING ASSESSED the possibility of initiating the selective procedures of the PhD program in "Strategic Innovation for Sustainable and Smart Ecosystems" under the condition of accreditation and verification of the maintenance of accreditation requirements by the MUR;

HAVING REGARD TO the agreements signed under the above-mentioned Ministerial Decree 226 of December 14, 2021, Article 10 c. 2, with the following companies: A2A S.p.a.; Eni S.p.a.; AVSI Foundation; Intesa Sanpaolo S.p.a.; Italfarmaco S.p.a.;

GIVEN THAT the proposing Head of the Area certifies the regularity and legality of this act.

HEREBY DECREES

Article 1

(Purpose of the call for applications and general rules)

This call for applications regulates the procedures for access to the PhD program in Strategic Innovation for Sustainable and Smart Ecosystems, with administrative headquarters at the University of Milan - Bicocca.

The program of the industrial PhD program aims to train innovative profiles strongly demanded by national and international companies and institutions, with particular reference to:

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

- (i) skills in the fields of digital and sustainable innovation;
- (ii) knowledge of the relationship between science and industry;
- (iii) ability to understand and interpret complex and interrelated systems (ecosystems) and to manage collaborations within structured networks (networks);
- (iv) skills in leadership and management of research and innovation projects.

The PhD program offers scholarship with a strong interdisciplinary emphasis in **four areas of specialization**:

The “Process innovation” Pathway includes two areas.

The first area “Data, economics, ethics and policy” is aimed primarily at candidates with a background in economics, statistics, law and data science and provides technical and cultural tools to professionally manage the main tools in the field of Data Science, Artificial Intelligence, new technologies by training the following professionals:

- (i) data scientist, with expertise in analytical model design and data interpretation; (ii) data engineer, with expertise in managing data ecosystems and the models used to analyze them; and (iii) Artificial Intelligence expert, with a focus on the ethical aspects and policy and governance implications of artificial intelligence.

The second area “Environmental and energy transition” is aimed primarily at candidates with a background in the natural sciences (physics, chemistry, biology, geology, environmental science, materials science, biotechnology) and engineering. The track trains the following scientific/professional profiles: i) energy transition and decarbonization scientist; ii) circular economy expert; iii) sustainable cities expert; iv) process innovation management expert.

The Product Innovation Pathway is primarily aimed at candidates with a background in the fields of physics and engineering and aims to train scientists with the following skills: (i) to know the current overview of thermonuclear fusion research for energy production, the related scientific and technological challenges and the main projects for their solution; (ii) to carry out measurements for the characterization of thermonuclear plasmas or materials of interest for nuclear fusion and to know how to critically interpret the results; (iii) apply numerical models to interpret experimental data from diagnostic systems for nuclear fusion or related materials, including through the use of high-performance computing; (iv) carry out research on nuclear fusion in public institutions or private

enterprises with high technological specialization; (v) communicate the results of scientific research on nuclear fusion in both specialized and popular contexts.

The Social Innovation Pathway is primarily aimed at candidates with a background in the fields of social sciences and law and trains the following professional profiles i) expert in social inclusion and network management; ii) expert in social and cultural processes; iii) expert in business organizational innovation; iv) analyst of urban social dynamics; v) expert in Social Responsibility (SR) and sustainable collaboration; and vi) expert in legal aspects concerning environmental sustainability.

The "Welfare innovation" Pathway is primarily aimed at candidates with a background in the fields of biomedical sciences (biotechnology, medicine) as well as those in the social sciences by providing the following competencies: i) expert in innovation in digital devices and tools in the medical field; ii) expert in innovation in prevention, diagnostics, therapy and treatment activities in the health field; iii) expert in innovation in economic and social sustainability of welfare systems.

Pursuant to Ministerial Decree No. 226/2021, PhD programs may be activated subject to accreditation or verification of maintenance of accreditation requirements by the MUR. Therefore, the winners will be able to enroll under the condition of the positive outcome of the accreditation procedure of each course.

Any eventual changes and additions to the call for applications will be published on the University website <https://en.unimib.it/study/doctoral-research-phd-programmes/applying-doctorate>.

The "Description Sheet XLI cycle of the program Strategic Innovation for Sustainable and Smart Ecosystems," (Attachment 1), an integral part of this call for applications, specifies the research topics, the number of positions available, with specification of the scholarships, the procedures for the admission tests, the procedures for the presentation of the research project, any reserved positions provided for particular categories, and the possible possibility for candidates to choose whether to hold the tests in Italian or in another language.

The submission of the application for admission, according to the procedures in Article 3, implies the acceptance by the candidates of the rules contained in this call, failure to comply with which will result

in exclusion from the competition. In particular, failure to submit the research project, will result in non-admission to the examination tests.

All communications to candidates regarding this notice will be given by e-mail. For this purpose, the e-mail address given by the candidate during registration in the website (Article 3) will be used.

Article 2

(Eligibility for admission)

Those who are in possession of the following qualifications may apply for admission, without citizenship restrictions:

1. post-graduate (second cycle) degree;
2. degree obtained under the laws in force before Ministerial Decree no. 509/1999 (old system degree);
3. master's degree issued by institutions that are part of the AFAM (advanced artistic and musical education) sector;
4. a foreign degree, as long as it is equivalent in length of studies, level, and subject area to the Italian degree required for admission to the course. The suitability of foreign qualifications is evaluated by the Selection Board. **In case the Degree is evaluated as non-eligible, the applicant will be excluded from the selection process.**

Undergraduates are also eligible to apply, provided they receive their **degree by 31 October 2025** under penalty of forfeiture. Graduating candidates are required to notify the PhD School Sector of the date and grade of degree attainment by email to dottorati@unimib.it, sending, by 3 November 2025, a copy of the degree or, if Italian or EU citizens, a statement in lieu of certification.

Undergraduates are those who have never held an academic degree mentioned in 1-4 above. Those who already hold these degrees and are enrolled in any second degree shall enter the competition as undergraduates.

For those who have obtained more than one academic degree (also referred to in points 1-4), the Committee considers the first degree obtained chronologically as the entry qualification.

Those who are already enrolled in the same PhD Program activated at this University may not apply for admission.

Article 3

(Submission of applications for admission and degrees)

To participate in the admission test, all applicants must submit their application online, directly from the website of the University of Milano-Bicocca, by accessing the Online Registry's Office – admission test (https://s3w.si.unimib.it/Home.do?cod_lingua=eng).

No paper documents will have to be delivered to the offices.

The application must be submitted **no later than the deadline specified** here below:

APPLICATION DEADLINE	START OF THE STUDIES
24 April 2025 at noon (Italian time)	1 November 2025

The application has to be drawn up as a self-certification, for all legal purposes, under the art. 46 and 47 of DPR 445/2000 and further amendments and it is valid for all legal purposes.

The documents attached to the application (assessable qualifications) have to be drawn up as self-certifications or statements in lieu of affidavit as required by law and as indicated in the following tables A and B.

To this end, candidates may use the models of self-certification available on the website at <https://www.unimib.it/didattica/offerta-formativa/dottorato-ricerca/carriera/modulistica-dottorandi>.

Note: Pursuant to Article 40 of Presidential Decree no. 445/2000, as amended by art. 15 of Law no. 183/2011, qualifications issued by the public administration must also be confirmed through self-certification.

The statement made by the candidate, which for all purposes substitutes the certification, must contain all the elements needed to assess the qualification to be submitted and its truthfulness. Omission of any element shall result in the non-evaluation of the self-certified qualification. **Self-certifications are only valid if signed with an autograph signature.**

It is not necessary to produce the self-certifications of qualifications obtained or to be acquired at the University of Milano-Bicocca. Their acquisition will be carried out ex officio.

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

European candidates can produce the self-certifications duly signed, in Italian or English, as indicated in tables A and B. Non-Eu citizens, regularly residing in Italy, can produce the self-certifications, in Italian or English, only concerning states, facts, and personal data that can be certified or attested by Italian public authorities.

The application procedure consists of two phases:

1. **Registration on the University website**

(https://s3w.si.unimib.it/Home.do?cod_lingua=eng), at the end of which students are assigned a user name and a password; if the candidate already has the access credentials for the private area (for example if he/she is a student or a former student of Milano-Bicocca University), he/she can skip this step. These credentials will be needed later for registration if the candidate is admitted to the PhD program.

2. **Filling out the application for admission:** by using their personal credentials, applicants must login and select "Admissions."

During the registration process, applicants must enter the details of their identity document and upload the ID document and an ID photo in digital format (bitmap or jpeg) **with a resolution of at least 300x400 pixels**. The following documents must also be uploaded (applicants are recommended to prepare the documentation in PDF files before registering for the tests. Every document must **not exceed the size of 25MB**):

Tab. A

1. Signed curriculum vitae et studiorum, preferably in Europass format:

<https://europass.europa.eu/en/create-europass-cv>

Note the information included in the curriculum vitae will not be assessed by the Selection.

2. Any publications in extenso or conference papers (No self-certification)

Only publications produced in full will be evaluated. Texts or articles accepted for publication, within the deadline of the call, must be submitted together with the document of acceptance of the publisher.

Note Concerning the need to produce a signed statement in lieu of affidavit, attesting the conformity to the original document, we inform that this will happen automatically through the application.

3. Any <u>self-certification</u> of post-degree masters, training courses, advanced courses, specialization schools, any other second degrees https://www.unimib.it/sites/default/files/Dottori_di_ricerca/Dichiarazione_inglese_generica_2021.pdf
4. Any <u>documentation</u> attesting to research and study collaborations. (No self-certification)
5. Any <u>documentation</u> related to periods of study and/or research abroad. (No self-certification)
6. <u>Self-certification</u> of the exams taken in Universities other than the University of Milano-Bicocca with relative marks (only for students who have not obtained their degree yet); https://www.unimib.it/sites/default/files/Allegati/Dichiarazione%20sostitutiva%20di%20certificazione_conseg.titolo%20ed%20esami.pdf
7. A research project, also related to the type of position/scholarship chosen, (see Description sheets) Note: The research project discussed at the interview stage is not binding to the assignment of the actual thesis topic in case of admission to the programs.

Note: If the foreign degree has already been declared equivalent to the Italian degree required for admission to the program (not mandatory), it is sufficient to attach a copy of the Decree of equivalence without adding the documentation referred to in table B. In this case, the title is an Italian title for all intents and purposes.

Candidates with a foreign degree must also upload the following documents:

Tab. B

UE citizens with a foreign degree (in addition to documentation listed in table A)	ExtraUE citizens with a foreign degree (in addition to documentation listed in table A)

* Candidates may take advantage of the agreement between the University of Milano-Bicocca and CIMEA (ENIC/NARIC network): <https://www.unimib.it/internazionalizzazione/bicocca-international/informazioni-studenti-titolo-estero/attestati-cimea>.

If the documentation produced does not clearly indicate the duration of the academic studies and/or the eligibility of the foreign qualification for access to the PhD program in the country of reference, or the scale of value to which the degree and exam scores refer, the Selection Board may deny admission to the tests or not evaluate the degree or exam scores.

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

Candidates with foreign qualifications are admitted to the selection process under the condition to produce if the application is successful, the Diploma Supplement or the certificate of comparability issued by CIMEA or ENIC-NARIC, as indicated in art. 12, alternatively the Statement of local validity is accepted too.

Until the expiration of the call, candidates will be able to change, add or remove the submitted documents only before the completion of the application after which it will be impossible.

The qualifications submitted must be possessed by the deadline of the Session. Declarations, titles, and publications or requests for modification of titles already deposited received once the Session is closed will not be considered.

After completing this procedure, applicants must click the button PAYMENTS and pay € 10.00 as a fee to cover expenses using the PagoPA payment system.

The payment must be made by the dates indicated below under penalty of exclusion from the tests:

PAYMENT DEADLINE
28 April 2025

Only payments made within this final deadline will be considered valid and, therefore, any claim for non-payment or late payment, even if not attributable to the applicant, will be considered unacceptable.

The payment receipt should be carefully kept by the applicant. The University Administration reserves the right to request it as proof of payment.

In no case will the above fee be refunded.

Citizens from Non-EU countries, who are not residents in Italy, are exempt from the fee for participation in the competitive examination.

Once the University of Milano-Bicocca has received the payment, candidates will be able to view and print, through the On-line Registrar's service, the registration receipt that has to be carefully kept.

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

Under Article 75 of Presidential Decree no. 445/2000, if, based on appropriate checks, the Administration finds out that the information provided by the candidate in his/her statement is false, the declarant shall forfeit any benefits obtained through a decision issued based on such false statement.

The university administration shall not be liable in the event of loss of documents due to errors in the residence, address, or e-mail notified by the applicant, failure or delay in notifying changes in such contact information, or telematic disruptions not attributable to the Administration's fault.

Article 4

(Candidates with disabilities (DIS) or with Specific Learning Difficulties (DSA))

Candidates with disabilities (DIS) or with Specific Learning Difficulties (DSA) can ask to benefit from the specific support by attaching the documents certifying their disability during application.

The disability certification must:

- be issued by INPS, according to Law no. 118 of 30 March 1971 (*civil disability*) or
- be issued by the public health authority responsible for the area, according to Law no. 104/92, as amended (disability statement)

The DSA diagnosis must:

- be compliant with the criteria set by the Consensus Conference (2011);
- contain the nosographic codes, the express name of the specific learning difficulty in question, contain the information necessary to understand the individual characteristics with indications of areas of strength and weakness;

Candidates may be admitted to the examination with the medical certification they have, even if it is not up-to-date due to the limitation of NHS activity for the Covid-19 emergency, subject to later request for the integration of the required documentation.

For any additional supports prepared by the University, candidates will be contacted directly by the B.Inclusion Space. Failure of the candidate to confirm via e-mail will be considered as a waiver of the required supports.

For further information, please contact Spazio B.Inclusion well in advance of the chosen test session by emailing supporti.ammissioni@unimib.it.

Failure to submit the documentation online by the deadline specified in this call for proposals will not entitle the applicant to use the requested support.

Article 5

(Project scholarships and Apprenticeship in higher education contract)

The sheet relating to the PhD Program indicates scholarships or project positions, which are tied to the performance of certain research projects. The recipients of these positions are required to carry out the indicated research activity. More details on research projects can be found on the University website: <https://en.unimib.it/study/doctoral-research-phd-programmes/applying-doctorate>

Executive PhD program positions are available, as listed in the attached form, reserved for employees of companies that have an agreement with the University and are engaged in high-qualification activities that are part of the industrial PhD program. Applicants must select the "Executive pathway" when submitting their application and attach to the application the certificate related to their employment position, issued by the respective employer. These reserved positions will be assigned according to the order of the merit list. The agreements entered into between the University and the Company regulate how the research activities will be carried out and how the commitment of the PhD student-worker will be divided.

The program sheet has project-based scholarships listed on it; applicants may express up to a maximum of two preferences by filling out the questionnaire on the application platform, specifying the scholarships for which they intend to participate.

If the candidate does not express any preference, he/she automatically competes for the allocation of the University scholarships/other bodies scholarships without a topic.

Article 6

(Admission tests)

Admission shall take place according to the procedures described for each Program in the annex to this Call "*Description sheets XLI cycle Strategic Innovation for Sustainable and Smart Ecosystems*".

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

The selection procedure aims to ascertain the applicant's aptitude for scientific research and consists of an assessment of the qualifications and the research project of candidates combined with an oral examination, as established by each Academic Board.

Oral examinations are public.

The Selection Board has 100 points in total to assign.

A total of 20 points are reserved for the evaluation of qualifications and 10 points for the research project. The evaluation of the titles and the evaluation of the research project are carried out by the Selection Committee before the oral test.

The course in Strategic Innovation for Sustainable and Smart Ecosystems, as outlined in the attached sheet, has a minimum score threshold for admission to the oral test. In case of not reaching the minimum score in the evaluation of the research project, candidates will not be admitted to the oral test.

Translated with DeepL.com (free version)

The outcome of the assessment of the qualifications and the research project will also contain the breakdown of the candidates on the exam days and will be published on the University website on page <https://www.unimib.it/studiare/dottorato-ricerca/accedere-al-dottorato/informazioni-concorsi> .

This publication has the value of notification for all purposes.

A total of 70 points are reserved for the oral exam. At least 40 points in the oral exam are required to achieve eligibility.

The final score is given by the sum of the scores reported in the assessment of the qualifications, the research project and the oral exam. A score of at least 50/100 is required to be eligible.

Article 7 (Interview)

The interview must take place remotely through a platform made available by the University, to this end candidates must indicate an e-mail account that the Selection Board will use for the video call.

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

Candidates must be available at the e-mail address, previously communicated, on the day indicated for the oral exam, according to the calendar represented in each Program Description sheet or the qualifications and research project evaluation table, in case of subdivision of the exams into several days. The Selection Board may set a specific time for starting the interview in agreement with the candidate.

For identification and under penalty of exclusion from the competition, candidates, before the interview begins, must show an identity document, preferably the same one that was indicated during the admission phase.

A candidate may be excluded from the competition if he/she has failed to specify his/her e-mail address (account), the connection is not available, he/she cannot be found on the day or time set, or if he/she does not show a valid identity document. The University of Milano - Bicocca declines any responsibility if technical reasons prevent the regular conduct of the interview.

Article 8

(Grounds for exclusion)

The submission of the application for admission, under the procedures referred to in Article 3, implies the acceptance by the candidates of the rules contained in this Call, failure to comply with them implies exclusion from the competition.

In particular:

- failure to submit a research project will result in non-admission and therefore exclusion from the examination;
- Failure to submit the research project, if requested (see "Description sheets XLI cycle") entails non-admission and therefore exclusion from the examination tests.
- The evaluation of non-eligibility, by the Selection Board, of the academic degree obtained abroad entails the exclusion from the selection process.
- If the documentation produced does not clearly indicate the duration of the academic studies and/or the eligibility of the foreign degree for access to the doctorate in the country of reference or the scale of value to which the degree and exam scores refer, the Selection Board may deny admission to the tests or not evaluate the degree or exam score.

- For identification and under penalty of exclusion from the competition, candidates, before the interview begins, must show an identity document, preferably the same one that was indicated during the admission phase.
- After completing the registration procedure, it will be necessary to make the payment of € 10.00 as a fee through the PagoPA payment system within the terms provided for in art. 4, under penalty of exclusion from the tests. Citizens from Non-EU countries, who are not residents in Italy, are exempt from the fee for participation in the competitive examination.
- A candidate may be excluded from the competition if he/she has failed to specify his/her e-mail address (account), the connection is not available, he/she cannot be found on the day or time set, or if he/she does not show a valid identity document. The University of Milano - Bicocca declines any responsibility if technical reasons prevent the regular conduct of the interview.
- If the candidate registered at Session II subsequently enrolls on a position in Session I, he/she will be automatically excluded from the competition for Session II (exclusion also provided for any further session).

Article 9

(Selection Boards)

The Selection Boards supervising the tests for admission to the PhD programs shall be formed and appointed following the laws and regulations in force.

If the need arises, the Selection Board may avail on external experts for a specific opinion. The appointment of experts can be arranged at the request of the Selection Board by the Procedure Manager.

Article 10

(Merit rankings and registration procedures)

The merit rankings of the eligible candidates are formed according to the decreasing order of the scores of the overall vote reported by each candidate and according to the sub-rankings of the

project/topic. Rankings are published in the Official Register of the University and on the website <https://www.unimib.it/studiare/dottorato-ricerca/accedere-al-dottorato/graduatorie-rankings>.

Note: Only the merit rankings published on this website page shall be valid for admission to each PhD program. The publication is considered an official notification in all respects; accordingly, participants in the exams shall not receive any personal communication, except for filling a vacant position.

The merit ranking lists will also specify the enrollment procedures for the PhD Programs.

Subject to the absolute judgment of the Committee in the establishment of the ranking list, based on the overall assessment of the candidate, the positions will be assigned as follows:

- for each project linked to one or more scholarships, the Committee shall draw up a sub-ranking list of merit and assign the relevant scholarships;
- in case the same candidate is in a useful position in more than one sub-ranking, it is up to the Committee to decide the project and the relevant scholarship to be awarded;
- in the case of positions/scholarships without candidates included in the sub-ranking, in order to be able to assign as many scholarships as possible, the committee in this case reserves the right to modify, where possible, the topic or project of the position/scholarship to be reassigned.

In case of a parity of merit, the candidate with the younger candidate prevails.

Any positions left vacant due to non-acceptance by the successful candidates will be assigned on the basis of the scrolling of the rankings, according to the criteria indicated above. Candidates will be notified by e-mail by the PhD School Sector.

Reassignment of vacancies will also be carried out if any of the enrolled students renounces or forfeits admission to the course by December 1, 2025, or in any case until the date allowed by the rules established by the MUR. A Ph.D. candidate who renounces or forfeits by this deadline is not entitled to the scholarship accrual.

The successful candidate of a Session I position, once enrolled, will not be able to apply for Session II, if any, and in any case will be automatically excluded from the competition (exclusion also provided for any further session).

The enrollment must be carried out following the instructions published on the University website at <https://en.unimib.it/study/doctoral-research-phd-programmes/applying-doctorate> . Failure to complete the enrollment procedure, within the terms indicated in the margin of the merit ranking, will result in the forfeiture of the right to admission to the Program.

Article 11

(Additional provisions for students with foreign qualifications)

Candidates with a foreign qualification admitted to the Program, if they have not submitted it during the admission phase, must submit within 60 days of enrollment, under penalty of career block and subsequent forfeiture, the diploma supplement in English, issued by the same institution that issued the qualification, drawn up according to the model developed by the European Commission, the Council of Europe, and UNESCO/CEPES, or the certificate of comparability issued by CIMEA

<https://www.unimib.it/internazionalizzazione/bicocca-international/informazioni-studenti-titolo-estero/attestati-cimea> or by ENIC-NARIC centers.

As an alternative, it is possible to present the Statement of Local Validity for the qualification, issued by the Italian Diplomatic Representation in the country of the reference educational system under which the qualification was issued.

Those who intend to ask for the benefits of the right to study will have to produce the documents requested by the respective Call.

Presentation of a copy of the student/university entry visa or a copy of the residence permit is required.

ATTENTION: Non-EU citizens requiring a visa must necessarily pre-register on the University Portal <https://www.universitaly.it/> under the menu item "International students" to apply for an entry visa. Enrolment is completed only upon issuance of the entry visa for study in Italy, which is the exclusive responsibility of the Italian Diplomatic Representations abroad, regardless of eligibility acquired through this Call.

For information on foreign qualifications and the enrollment procedures of foreign students consult <https://en.unimib.it/study/doctoral-research-phd-programmes/applying-doctorate/calls-application> or contact: credential.evaluations@unimib.it.

Article 12

(Commitment of PhD students)

Enrollment in the PhD program involves a full-time and exclusive commitment. The Academic Board shall assess whether a candidate's occupation is compatible, provided it involves a limited time commitment.

The PhD student must participate in the activities planned in his/her curriculum, as indicated by the Academic Board, and must carry out the research assignments. The simultaneous enrollment in other graduate Programs is governed by the regulations in force.

Article 13

(Scholarships)

The amount of the PhD scholarship is equal to € 16,243.00 per year gross of the social security charges borne by the fellow. The scholarship is exempt from local income tax and personal income tax (IRPEF). All PhD students are awarded, from the first year, in addition to the scholarship and within the financial resources of the University, a budget for research activities in Italy and abroad adequate with the type of course and in any case equal to 10% of the amount of the scholarship itself.

Project Scholarships may only be awarded to candidates who have opted for them under Article 6 of this Call and have been deemed eligible by the Selection Board.

The amount of the scholarship is increased, for the period of stay abroad, by 50%, for a maximum period of 12 months, 18 in the case of jointly supervised theses or PhD programs in the associated form.

The period abroad is normally foreseen and therefore, if it is not carried out, adequate justification must be provided by the Academic Board.

The scholarship is granted for one year and is renewed for each year of the program, provided that the student passes the test for admission to the next year.

The scholarship is paid in monthly installments in arrears.

To take advantage of the scholarship, the winner must comply with the following requirements:

1. under Article 16, paragraph 17, of the Regulation of PhD Programs, the scholarship is compatible with other income, provided that the latter does not exceed the maximum ceiling provided by the Board of Directors of the University of Milan-Bicocca in compliance with the

legislation. For the calendar year 2026, the gross annual personal income limit corresponds to the amount of the annual PhD scholarship awarded by the University of Milano-Bicocca;

2. scholarships cannot be combined with other scholarships, regardless of the reasons for which they are granted, except, where possible on the basis of the type of funding, those awarded by national or foreign institutions that can be used to supplement the training or research activity of the scholarship recipients, through periods of stay abroad.
3. candidates have not been granted any other scholarship for a PhD program, even if not complete.

For foreign winners, phd scholarship will be awarded only after receiving proof of obtaining the Italian tax code.

Public employees admitted to PhD Programs enjoy, for the normal duration of the Program, the leave provided for by collective bargaining or, for employees under public law, special leave for study reasons, compatible with the needs of the administration, under Article 2 of Law n. 476 of August 13, 1984, and subsequent amendments, with or without research scholarships and unless explicitly waived, only if they are enrolled for the first time in a PhD Program, regardless of the disciplinary field.

Article 14

(Tuition and Fees)

The amount of fees required for access to and attendance at PhD Programs are approved annually by the Board of Directors.

For the academic year 2025/2026, unless otherwise approved by the Board of Directors, all PhD students are required to pay, at the time of enrollment, the sum of € 156.00, as specified below:

- Stamp duty € 16.00
- Regional tax for the right to study € 140.00

PhD students, recipients of PhD scholarships, have to pay the second installment, consisting entirely of the single contribution and defined based on the ISEE (Equivalent economic status indicator) and

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

the calculation for Programs in the area of contribution A – merit students, from a minimum of € 0.00 up to a maximum of € 1,200.00, by 15 May 2026.

In order to correctly calculate the second installment, PhD students must obtain the ISEE certification for subsidies for the right to University study, by submitting the single statement in lieu of certification to CAAF (tax assistance) centers, other authorized entities, or the INPS website. The University will automatically receive the relevant data. The deadline for submitting the single statement in lieu of certification will be published on the following page <https://en.unimib.it/services/offices-and-facilities/fees-and-funding> .

Under Article 8, paragraph 2, of the Decree of the President of the Council of Ministers no. 159 of December 5, 2013, the family unit of the applicant for the benefits for the PhD Program is formed exclusively by the same applicant, by the spouse, by the children under the age of 18, as well as by the children of legal age, according to the rules referred to in paragraphs 2 to 5 of Article 3, and in any case without prejudice to the possibility for the beneficiary to constitute the family unit according to the ordinary rules referred to in Article 3.

For more detailed information on ISEE declarations for those enrolled in PhD Programs, and in particular for foreign students or for Italian students residing abroad, see the University website at <https://en.unimib.it/services/offices-and-facilities/fees-and-funding> .

Article 15

(Obtaining the qualification)

The PhD qualification is awarded upon completion of the PhD Program, upon passing the final examination, which involves the submission of a written thesis (PhD thesis) giving proof of original research work that has produced significant scientific results.

Article 16

(Applicable law)

For all matters not covered in this Call for applications, the laws and regulations on PhD Programs shall apply.

Note: In the event of any inconsistency or discrepancy between the English version and Italian version of this Call, the Italian language version shall prevail.

Article 17

(Processing of personal data)
