

Breakthrough in Materials Science

The MOF Revolution

Shaping Materials for the Future of the Planet

Coordinator: Prof. Angiolina Comotti

Introduction

Prof. Marco Orlandi

Rector of the University of Milano-Bicocca

Prof. Giuseppe Gorini

Pro-Rector of International Development
and Academic Collaboration

Prof. Omar Yaghi

Nobel Laureate in Chemistry 2025

"Discovery of new materials in the age of AI"

The University of California at Berkeley

Prof. Laura Gagliardi

*"Theory, Computation and Machine
Intelligence for Reticular Chemistry"*

The University of Chicago

Prof. Hexiang Deng

"Metal Organic Framework and Beyond"

Wuhan University
