UNIVERSITY FEES

1 – University fees

If you are a student with a non-italian citizenship and access qualification achieved abroad and foreign residence, please read point 2 of this guide.

University fees consist of one to three instalments, depending on the student's ISEE and academic merit achieved during their university career.

The University rewards students who meet the academic merit requirements with additional reductions beyond those provided by national legislation on university fees, as well as with further exemptions described in the Exemptions Guide.

The following fee structure applies to all degree programmes.

1st INSTALMENT: the same amount for all students and payable by all students

- Amount: €146.00 (stamp duty and advance payment of the Regional Tax)
- Deadline: September 30th 2026*

***N.B.:** Students enrolled in limited access courses must pay this instalment by the deadlines indicated in the admission rankings or in the admission notices.

2nd e 3rd INSTALMENT

The 2nd and 3rd instalments include the balance of the Regional Tax and the University Tuition Fee.

Deadlines:

- 2nd instalment: January 15th 2027;
- 3rd instalment: May 14th 2027.

Payment notices for the 2nd and 3rd instalments, where due, will be made available in the student's personal online area approximately one month before the relevant deadline.

Please note: Students enrolled in the first year who, by January 31st 2027, have neither paid the second instalment nor registered any learning activities in their online academic record will be automatically deregistered with retroactive effect.

HOW THE REGIONAL TAX BALANCE IS CALCULATED

The balance of the Regional Tax is determined according to the student's ISEE:

1. ISEE up to € 26,887.93: € 0.00;
2. ISEE between € 26,887.93 and € 53,775.86: € 30.00;
3. ISEE above € 53,775.86 or no ISEE submitted: € 60.00.

Where due, the Regional Tax balance will be charged entirely in the 2nd instalment.

HOW UNIVERSITY FEES ARE CALCULATED

The University Tuition Fee is calculated on the basis of:

- the student's University ISEE;
- the contribution area to which the degree programme belongs;
- the student's academic merit.

Please refer to Appendix 1 for the list of degree programmes by contribution area and to Appendices 2 and 3 for academic merit requirements.

Fee amounts are calculated automatically by the University's information system on the basis of the data recorded in the student's academic career. The amounts due will be available in the student's personal online area and indicated in the relevant payment notices.

The calculation methods established by the University Fee Regulations are outlined below.

ISEE UP TO €30,000.00

- Students meeting the academic merit requirements are exempt from paying the University Tuition Fee (2nd and 3rd instalments).
- Students who do not meet the academic merit requirements must pay the minimum contribution of €200.00, charged entirely in the 2nd instalment.

ISEE BETWEEN €30,000.00 AND €76,000.00

The University Tuition Fee is determined through a formula that takes into account:

- the student's ISEE value;
- the contribution area of the degree programme;
- the student's academic merit.

The formula established by the Regulations is:

$$(\text{ISEE} / 1000)^2 \times R \times k \times s$$

Where:

- **R** = the lower value between 1 and [(ISEE − 30,500) / 500]

Note: the coefficient R differs from 1 only for ISEE values between €30,000.00 and €30,500.00. For higher ISEE values, R is equal to 1.

- **k** = 0.5937 for programmes in Economics and Statistics, Sociology, Law and Psychology; 0.7125 for programmes in Medicine and Health Professions, Educational Sciences and Sciences.
- **s** = 0.80 for students meeting the academic merit requirements and having achieved at least 87% of the required CFUs; 0.87 for students meeting the academic merit requirements; 1.00 for students who do not meet the academic merit requirements.

Students meeting the academic merit requirements and having achieved at least 87% of the required CFUs are guaranteed a minimum reduction of €150.00 compared with the contribution due from students who meet the standard merit requirements.

Where application of the formula results in a reduction of less than €150.00, the system will automatically apply the more favourable contribution.

The University Tuition Fee thus determined is divided as follows:

- if the amount due is €400.00 or less, it is charged entirely in the 2nd instalment;
- if the amount due exceeds €400.00, it is split into two instalments: 30% in the 2nd instalment and 70% in the 3rd instalment.

ISEE ABOVE €76,000.00

For students with an ISEE above €76,000.00, the maximum contribution amounts established for each contribution area and merit category apply, as indicated in the table below.

Courses Area (Appendix 1)	Merit based with 87% of CFUs (Appendix 3)*	Merit-based (Appendix 2)	Non-merit-based
Economics **Statistics** **Law** **Psychology** **Sociology**	**€ 2.743,20** In two instalments: 2nd instalment: € 822,26 3rd instalment: € 1.920,24	**€ 2.983,23** In two instalments: 2nd instalment: € 894,96 3rd instalment: € 2.088,27	**€ 3.429,00** In two instalments: 2nd instalment: € 1.028,70 3rd instalment: € 2.400,30
Educational Sciences **Medicine** **Health Professions** **Sciences**	**€ 3.292,00** In two instalments: 2nd instalment: € 987,60 3rd instalment: € 2.304,40	**€ 3.580,05** In two instalments: 2nd instalment: € 1.074,01 3rd instalment: € 2.506,04	**€ 4.115,00** In two instalments: 2nd instalment: € 1.234,50 3rd instalment: € 2.880,50

ADDITIONAL REDUCTION FOR FIRST-YEAR STUDENTS

Students enrolling for the first time at the University of Milano-Bicocca in the first year of a Bachelor's Degree or Single-Cycle Master's Degree programme who obtained a final secondary-school grade of 100/100 (or 60/60), as well as students enrolling in a Master's Degree programme who obtained the qualification required for admission with a final grade of at least 110/110, are entitled to an additional reduction of €200.00.

Please note: this reduction is granted exclusively to students enrolling for the first time at the University of Milano-Bicocca. It does not apply to students enrolling in the first year following withdrawal from studies, transfer from another degree programme or university, career shortening procedures, enrolment for an additional qualification, or similar situations.

ADDITIONAL FEE FOR QUALIFYING DEGREE PROGRAMMES

Students enrolled in qualifying Master's Degree and Single-Cycle Master's Degree programmes are required to pay an additional annual fee of €180.00, plus the State Tax of €49.58.

This amount is due when applying for graduation.

For the Academic Year 2026/2027, the additional fee applies to the following programmes:
Applied Experimental Psychological Sciences, Medicina e Chirurgia, Medicine and Surgery, Psicologia Clinica, Psicologia dello Sviluppo e dei Processi Educativi, Neuropsicologia e Neuroscienze Cognitive, Psicologia Sociale Economica e delle Decisioni, Odontoiatria e Protesi Dentaria.

IMPORTANT INFORMATION

Students who complete their enrolment or admission procedures after January 15th 2027 must pay the 1st and 2nd instalments in a single payment.

This provision does not apply to students enrolling in Master's Degree programmes between January and March 2027. For these students, the deadline for the 1st instalment is March 9th 2027 and the deadline for the 2nd instalment is March 31st 2027.

If the University Tuition Fee amounts to €0.00, no additional instalments beyond the 1st instalment will be issued.

Amounts below €5.00 will not be charged and no payment notice will be issued.

Students may request payment of the entire amount due in a single instalment by sending a request via their university email account to contribuzione@unimib.it.

ISEE

The deadline for ISEE submission is from January 1st 2026 to November 13th 2026.

ISEE may be submitted after the deadline subject to the following penalties:

Students whose household is wholly or partially resident abroad must supplement their ISEE documentation as indicated in Appendix 2 of the ISEE Guide.

For detailed information regarding the ISEE, please refer to the ISEE Guide published on the University website at the following link: https://en.unimib.it/study/services-students-and-graduates/fees-and-funding

2 - Contribution for International Students

Definition of international student: student with a non-italian citizenship and an access qualification achieved abroad and a foreign residence.

> ***NB**: in case of multiple citizenship, one of which is Italian, the Italian citizenship will prevail over the foreign citizenship. Therefore, these students cannot have this special contribution and must submit the ISEE (they will be considered NOT-international students – see point 1 of this guide).*

Attention: Foreign students with residence in Italy must pay contribution as a NON-international student (point 1 of this guide) and they must present the ISEE. If the student is not independent (see ISEE guide, Appendix 1, point 2) and with his/her household partly resident abroad, he/she has to apply for the office calculation of the ISEE (see ISEE Guide, Appendix 2).

<u>1st INSTALMENT</u>
- **Amount**: €146.00 (stamp duty and advance payment of the Regional Tax)
- **Deadline**: September 30th 2026

> ***N.B.:** Students enrolled in limited access courses must pay this instalment by the deadlines indicated in the admission rankings or in the admission notices.

2nd AND 3rd INSTALMENTS

The 2nd and 3rd instalments consist of the balance of the Regional Tax and a **FIXED University Tuition Fee**, determined according to the student's country of residence and the contribution area of the degree programme attended.

The balance of the Regional Tax is determined according to the student's ISEE:
1. for ISEE up to €26,887.93: €0.00;
2. for ISEE between €26,887.93 and €53,775.86: €30.00;
3. for ISEE above €53,775.86 or in the absence of an ISEE: €60.00.

Where due, the Regional Tax balance will be charged entirely in the 2nd instalment.

New: the documentation required for the calculation of the Regional Tax balance will be communicated in a subsequent update of this Guide.

The fixed University Tuition Fee will be divided between the 2nd and 3rd instalments as follows:

Group of Countries*	Area A courses*	Area B courses *
1	2nd instalment: 200,00 €	2nd instalment: 300,00 €

Deadlines:
- 2nd instalment: January 15th 2027**
- 3rd instalment: May 14th 2027

Please note: Students enrolled in the first year who, by January 31st 2027, have neither paid the second instalment nor registered any learning activities in their online academic record will be automatically deregistered with retroactive effect.

Payment using **Carta del Docente** vouchers issued in the student's name is also accepted.

In this case, the student must generate a voucher for an amount equal to or lower than the amount due and send it via their university email account (indicating their student ID number in the email) to **contribuzione@unimib.it**.

If the value of the voucher is lower than the amount due, a new PagoPA payment notice will be issued for the payment of the remaining balance not covered by the Carta del Docente voucher.
For the purpose of calculating any penalties for late payment, the date on which the email containing the voucher is sent will be considered the payment date.

A **Guide to PagoPA Payments** is also available on the University website at the following link:
https://en.unimib.it/study/services-students-and-graduates/fees-and-funding

- 10% of the amount owed for payments up to 60 days late;
- 15% of the amount owed for payments more than 60 days late.

Information on the calculation of CFUs

Only activities included in the student's study plan are considered when calculating the 25 CFUs.
In the event of a change to the study plan, the final approved study plan will be taken into account even if approved after **September 30th 2026**. Therefore, if some activities had not yet been included in the study plan as of **September 30th 2026**, but had already been completed or scheduled, they must be taken into account when assessing the situations described above (e.g. seminars, internships, elective courses, etc.).

Where a course consists of multiple modules, CFUs will be counted only when the entire course has been recorded in the student's academic record.

If you have any questions, please contact **contribuzione@unimib.it**.
N.B. If you intend to apply for accommodation, a DSU scholarship or subsidised canteen services for the academic year 2026/2027, you must renew your enrolment even if you expect to graduate between October 2026 and March 2027.

Attention
Students who do not obtain their degree by the March 2027 graduation session are required to renew their enrolment for the academic year 2026/2027.
In this case, the full fees due for the academic year 2026/2027 will apply, based on the student's ISEE and any benefits to which they may be entitled.

8 - Payment by instalment

An additional instalment plan may only be established for 3rd instalments of amounts exceeding **€ 700,00.** Such arrangements are granted only in duly justified exceptional circumstances and upon submission of a specific application accompanied by supporting documentation demonstrating the need for an additional instalment plan. The application must include a description of the circumstances preventing payment of the full amount in a single instalment and must be supported by appropriate documentation proving the situation described.

Applications that are not adequately justified or are not accompanied by suitable supporting documentation cannot be assessed and will not be approved.

The supporting documentation required depends on the reasons for the request. Examples of relevant circumstances include unexpected expenses, a reduction or loss of employment, extraordinary events, or other situations affecting the student's ability to pay the full amount in a single instalment.

The application form is available on the University website, in the “Modulistica” section. Applications should be presented, by mail to contribuzione@unimib.it by **11 May 2027**.

Should the application be accepted, the 3rd instalment will be further split into 4 payments due by the following deadlines: May 14th, June 14h, July 14th and August 16th 2025.

Failure to pay the amount corresponding to one of these instalments will lead to an immediate freezing of the student’s university career until their administrative position has been restored.
