<b>21 – 31 January 2028</b>	New thesis submission
<b>9 - 31 March 2028</b>	Thesis defense period

### REQUEST PROCEDURE

In the event of proven reasons preventing the submission of the doctoral thesis within the standard duration of the programme, the PhD Academic Board may grant, at the request of the PhD student, a six-month extension, without any additional financial costs.

#### Submission of the request

The extension request must be:

- agreed in advance with the Tutor;
- submitted between **29 June and 4 September 2026**, by [completing the form](#) signed by the Tutor and sending it by email to [dottorati@unimib.it](mailto:dottorati@unimib.it) together with an identity document;
- subsequently submitted for approval by the PhD Academic Board in **September 2026**. This step will be handled by the PhD School Office.

#### PhD students holding a PNRR scholarship

For PhD students holding a PNRR scholarship, please note the provisions set out by the Ministry: research periods at companies, institutions, or research centres, as well as periods of mobility abroad, must be completed by the end of the legal duration of the PhD programme, namely **31 October 2026**.

The possibility remains to request an extension for the completion and defence of the thesis, according to the procedures and conditions indicated above.
