

Job Placement The services

The **Job Placement** is the University service that supports students and graduates in their **transition into the job market**.

Career Guidance Services

JOBlab

Career guidance initiatives delivered by our **Career Advisors** in collaboration with partner companies.

- Individual and group **mock interviews**
- Thematic workshops on **CV** writing, job **interviews**, personal **branding**, and effective **job search** strategies
- Career workshops involving **industry experts** and guest speakers

JOBtalk

Bicocca **Alumni** come back to share their **career journeys** with current students

In collaboration with:

BICOCCALUMNI

International Careers

Career guidance activities for **international careers**, developed in collaboration with **European and international partners**. Activities includes **thematic workshops** led by experts, **seminars** with representatives of European **institutions and NGOs**, and collaborations with international **organizations and associations**.

One-to-One Career Counselling

Our Career Advisors provide individual support on different topics related to career development and the transition into the job market.

The session helped me understand which aspects of my CV to focus on in order to attract recruiters' attention.

I cleared up some doubts, learned how to better handle job interviews, and improve my CV to apply more confidently.

Meeting with Employers

JOBre recruiting

Throughout the year, **students** and **graduates** have the opportunity to meet **recruiters** and **professionals** from partner companies, explore career opportunities, learn about recruitment processes, and take part in screening interviews.

The meeting helped me better understand how to approach my career path and prepare for entering the job market. Afterwards, I started reflecting more on my goals and future plans. Having the chance to connect directly with companies is a great opportunity.

– *Bicocca student*

Career Fair

Every year

4000 Students and Graduates

+80 Companies

An event that brings together students and graduates with HR representatives from companies and organizations looking to recruit qualified candidates

JOBacheca

A portal dedicated to final-year students and graduates, offering the opportunity to:

- Create and publish the CV to be contacted by companies

- Apply for internship and job opportunities

- Activate extracurricular internships for recent graduates

Employer Relations

Collaboration with **2700 companies**

Over **48,000 CV views** by companies

Graduates **satisfied** with their internship experience

Graduates receiving a **job offer** after their internship.
