### **How the meeting is managed**

Presentations: 20 minutes

Final Discussion: 30/40 minutes

Each papers' session will consist of three to four oral presentations of max 20 minutes. These will then be followed by 30 to 40 minutes for discussions and comments. The role of the discussant will consist in opening the discussion with comments of his/her choice, based on the oral presentations. These comments should not exceed 10 minutes, to leave enough time for the presenters to address those comments, and for the audience to share their comments/questions. Session chairs will be the guardians of time.
