Detailed information about the training goals, teaching organization, courses location and learning programs, is available in the individual regulations, on the University website at the following link:

<https://www.unimib.it/didattica/master-universitari>

### **Art. 2**

#### **Admission Requirements**

Master Programme admission requirements are available for each course on the specific **attached sheets**.

**The enrollment to a Master Programme forbids simultaneous enrollment to any other course offered by Milano-Bicocca or any other university. The same holds valid for research grant holders conferred by University of Milano-Bicocca.**

Final year students studying in Italy (with the exception of the Master Programmes aimed specifically at graduates in Medicine and Surgery or in Dentistry and Dental Implantology or in Trained Healthcare professionals) can apply providing that they are going to graduate within the first graduate session after the commencement of the Master Programme teaching activities and – at the time of the selection process – they only miss the activities related to the final thesis.

If selected, these students will be enrolled conditionally according to the specified deadlines, promising to promptly notify the completion of graduate degree through self-declaration (affidavit) to [ufficio.master@unimib.it](mailto:ufficio.master@unimib.it).

In case of failing to acquire the required degree mandatory for admission to the Master Programme within the specified period of deadline, they will lose their place and therefore will not be allowed to attend the course or get any certification. In this case, the enrollment fee shall not be refunded.

The undergraduates admitted conditionally to the programme will be able to complete for the scholarships eventually offered, but the scholarship amounts will be reimbursed to them only after they will obtain the Master's degree. Therefore any concessions to partial or total coverage of the first or second installment shall not constitute exemption from the payment of the same, but will be paid at the end of the Master Programme, after graduation.

**For University Master Programmes specifically aimed at graduates in Medicine or Dentistry and Dental Implantology or Trained Healthcare professionals, the deadline for the achievement of the required title is the deadline for closing of application, indicated for each Master Programme in the attached sheets (see art. 4).**

Limited to the medical or healthcare Master Programmes, which include in the training program clinical, diagnostic activities and/or invasive procedures on patients, only those who are in possession of the professional qualification may be admitted.

### **Art. 3**

**Economic benefits for applicants with disabilities, in accordance with L. 104/92, Art.3, c.1, or with disability equal to or greater than 66%**

Those candidates, who pass the selection procedures and are ranked in the admission list, and who have certified disabilities in accordance with L. 104/92, Art.3, c.1, or a certified disability equal to or greater than 66%, shall be exempted from the tuition fee (excepting the application fee of € 100,00 and a reimbursement of the stamp duty), provided that the minimum number of students regularly paying the registration fee for the Master programme is reached .

### **Art. 4**

#### **Admission application**

The **application** must be submitted from the day following the date of this Decree and strictly **within the deadline indicated in each of the attached sheets**.

The candidates must **apply on-line** on the website [www.unimib.it](http://www.unimib.it) accessing the section "**accedi a... > Segreteria Online**".

Candidates not yet registered in the system will have to first *register* entering their personal details and then login to the system (*login*) with their personal credentials.

Only if provided in the single sheets, they will have to indicate if intend to enroll as “**allievi**” (generic students) or as “**uditori**” (those who wish only to attend courses as auditors without giving exams and getting any certification).

**Please Note:** The candidates are strictly required to attach a copy of the ID document and a passport size photo in a digital format bitmap or jpeg format with a resolution of at least 300x400 pixels.
