

Born in Milan on 7 May 1956.

In 1987 he obtained his Ph.D. in Chemical Sciences.

Since 1.11.1999 he is Associate Professor for the disciplinary scientific sector CHIM/02 - Physical Chemistry, at the University of Milan-Bicocca.

The main research area is Computational Chemistry and Molecular Modeling.

He is author/co-author of 65 publications in qualified international journals and short works on Proceedings of International Conferences with referee. He is also the author of book chapters by invitation with referee.

He is co-author of a monograph on "Kinetic and thermodynamic aspects of thermo-destruction", published by the Milan Institute for the Environment (1995). He is co-author of an Italian patent (2007). He is co-editor of the "Trends in Ecological Physical Chemistry" collection, Elsevier Sc. Pub., Amsterdam (1993).

He is the author of numerous presentations at national and international conferences.

He was Coordinator of Research Units of projects financed by the Italian CNR both in the activities of the Committee and in the context of Strategic and Finalized projects. He has been a member of an Operative Unit in PRIN projects co-funded by MIUR.

He was Coordinator of the Ph.D. in Chemical Sciences of the University of Milan Bicocca for the 28th cycle and deputy coordinator of the Ph.D. in Chemical, Geological and Environmental Sciences for cycles 31-33.

He was elected member of the Board of the Interdivisional Group of Computational Chemistry of the Italian Chemical Society, 2001 - 2004. He participated in the organization of the Third Conference of Environmental Physical Chemistry and Second International Workshop on Ecological Physical Chemistry, Milan, May 25-29, 1992. He organized and directed the National School of Environmental Physical Chemistry from 1995 to 2006. He organized the Conference of the Italian Physical Chemistry Division in 2010. Currently he is the organizer of the Lake Como School in Computational Spectroscopy (September 2018).

He was elected member of the Management Board of the University of Milan from 1996 to 1998.

Member of the "Young Researchers" Committee, University of Milan-Bicocca.

Member of the Chemical Area Committee, University of Milan-Bicocca.

He has been a member of the Judging Commissions of the PhD program in Chemical Sciences, the University of Milan-Bicocca and the University of Siena. Member of the Coordinating Committee of the I level Master in Bioinformatics, University of Milan-Bicocca.
