Academic Position

Since October 2001 at present: Full Professor of Banking. Courses held: Banking (Undergraduate Degree, 3-year programme), Bank Management (Postgraduate Degree, 2-year programme).

Previously: Associate Professor of Banking, Catholic University of Milan (until September 2001).

Previously: Member of the teaching staff of the PhD in "Financial Markets and intermediaries", Catholic University of Milan (until September 2001)

From June 2014 to September 2018: Dean of the School of Economics and Statistics, University of Milan Bicocca.

From October 2018 at present: Head of the Department of Business and Law

Professional experience

He acts both as an independent advisor and as an expert appointed by the University of Milan Bicocca to provide advisory support to bank institutions, non-financial firms on and public entities on strategic and managerial issues, and on issues concerning financial market structure and functioning such as:

- Process reengineering and organisation of internal control processes
- Risk assessment, risk management and rating systems
- Strategic planning
- Debt Workout and restructuring
- Company valuations

Currently appointed by Banca d'Italia (2012-2017), he has been a member of the supervisory committee in official recovery and resolution procedures of banking institutions and investment firms.

Also appointed by Consiglio di Stato – Rome (2019-2020), for advisory support to the Court (VI Sezione) concerning the structure and functioning of energy markets in Italy

Main Research Topics

- Corporate banking and lending policies in banking;
- Bank and Financial Markets Regulation;
- Credit risk management and rating models;
- Organizational structures and banks' business models.
