DOCTORAL SCHOOL

Approved by the Area Manager

#### THE RECTOR

- **HAVING REGARD TO** Ministerial Decree no. 270 of 22 October 2004 on amendments to the regulations concerning the academic independence of universities, approved with Ministerial Decree 509/1999:
- **HAVING REGARD TO** the Charter of the University of Milano Bicocca, issued by Rector's decree no. 0010332/15 of 3 March 2015 and published in the Official Gazette of the Italian Republic General Series no. 67 of 21 March 2015:
- **HAVING REGARD TO** Law no. 240 of 30 December 2010, "Regulations on the organization of universities, academic staff and recruitment, and authorization to the government to promote the quality and efficiency of the university system";
- **HAVING REGARD TO** Ministerial Decree no. 45 of 8 February 2013 "Regulation laying down rules for accreditation of doctoral venues and courses and criteria for the establishment of doctoral programs by accredited bodies";
- **HAVING REGARD TO** the Regulations of PhD courses of the University of Milano Bicocca, issued by the Rector's decree no. 18795 of 4 July 2013, as amended and supplemented;
- **HAVING REGARD TO** Ministerial Decrees no. 00006727 of 7 September 2015, no. 0000763 of 16 October 2017, no. 0000805 of 28 November 2018 and no. 000912 of 15 October 2019, by which the Ministry of Education, University and Research (MIUR), upon advice of the National Agency for the Evaluation of the University System and Research (ANVUR), has granted accreditation of the PhD courses held at the University of Milano-Bicocca;
- **HAVING REGARD TO** ministerial note no. 3315 of 1 February 2019 "New guidelines on accreditation for PhD Courses"
- **HAVING REGARD TO** ministerial note no. 7757 of 11 March 2020 regarding operational guidelines on accreditation procedures for doctoral programs for the XXXVI Cycle;
- **HAVING REGARD TO** ministerial note no. 8034 of 16 March 2020 regarding the extension of the deadlines of the accreditation procedures for doctoral programs for the XXXVI Cycle following the COVID-19 emergency;
- **HAVING REGARD TO** the resolutions of the Academic Senate at its meeting on 10 February 2020 and of the Board of Directors of the University of Milano Bicocca at its meeting on 18 February 2020, concerning the establishment of PhD courses XXXVI cycle with administrative offices at the University of Milano Bicocca and the funding of the related scholarships;
- **HAVING REGARD TO** the resolution of the Board of Directors of the University of Milano Bicocca in the session of 21 April 2020, relating to taxes and grants for PhD courses for the 2020-2021 Academic Year;

**HAVING REGARD TO** the Rector's Decree no. 34939/19 of 3 May 2019 concerning the documentation to be requested about foreign degrees;

**HAVING REGARD TO** the Rector's Decree no. 27550/20 of 6 May 2020 by which, due to the COVID-19 emergency, all the committees for the admission to the PhD programs XXXVI cycle of Milano-Bicocca University are authorized to meet always by videoconference, notwithstanding the Rules of PhD programs;

**HAVING ASSESSED** the expediency of starting the selection procedures subject to accreditation and verification by the Ministry of Education, University and Research (MIUR) that the accreditation requirements are maintained.

**GIVEN THAT** that the proposing Area Manager certifies the regularity and legitimacy of the provision

#### **HEREBY DECREES**

# Article 1 (Purpose of the call for applications and general rules)

This call for applications governs the procedures for admission to PhD courses -XXXVI cycle-, as per annexed prospectus which forms an integral part of this call, with administrative offices at the University of Milano-Bicocca, and with beginning of academic activities scheduled on **1 November 2020**.

Pursuant to Ministerial Decree 45/2013, the PhD courses may be activated subject to accreditation or verification by the Ministry of Education, University and Research (MIUR) that the accreditation requirements are maintained. Therefore, successful candidates may only enrol following the favourable outcome of such verification.

Amendments and supplements to this call for applications will be posted on the website of the University <a href="https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme">https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme</a>

Candidates are advised not to wait until the last days prior to expiration of the call for submitting their application for admission; the University assumes no responsibility for any malfunctions due to overloading of networks or applications systems.

By submitting the application for admission according to the procedures laid down in Articles 3, the candidate accepts the rules contained in this call for applications. Any breach of these rules will result in exclusion from the competition. In particular, candidates that do not upload their research project during application, when requested (see course description sheets), will not be admitted to the examinations.

All notices to candidates concerning this call for applications will be made by e-mail. For this purpose, the e-mail address specified by the candidate when registering with the website shall be used (art. 3).

For each course, in the description sheets attached to the call as an integral part of it, information is provided on the number of years of the program, the number of places available, with specification of scholarships, of training contracts, of places reserved to employees of companies which have an agreement with the University (Industrial/PhD Executive) and any other forms of financial support, financed from research funds or other resources of the University, including research grants and any places without scholarship, the way in which

admission tests are administered, any places reserved for special categories, the option for candidates to choose whether to take the exams in Italian or in another language.

The number of scholarships or other types of financial aid may be increased as a result of funding from public and private entities, provided that agreement thereof is received by the deadline of this call for applications. The increase in scholarships may result in an increase in the overall number of places available under this call. Such additional posts will be notified by a subsequent decree, to be issued by 25 June 2020.

### Article 2 (Eligibility for admission)

Anyone who is in possession of the following educational qualifications may apply, without any citizenship restrictions:

- 1. post-graduate (second cycle) degree;
- 2. degree obtained under the laws in force prior to Ministerial Decree no. 509/1999 (old system degree);
- 3. master degree issued by institutions that are part of the AFAM (advanced artistic and musical education) sector;
- 4. foreign degree, as long as it is equivalent in length of studies, level and subject area to the Italian degree required for admission to the course. The suitability of foreign qualifications is evaluated by the board of examiners. In case the Degree is evaluated non eligible, the applicant will be excluded from the competition.
- 5. Students who have not yet obtained their degree may apply for admission, provided they earn their degree by **31 October 2020**, accepted students who fail to meet this requirement will lose their right to admission. Candidates who have not yet earned their degree are required to communicate the date and grade of the degree earned, by e-mail to the Doctoral School Sector at the address dottorati@unimib.it, and to send a statement in lieu of certification, if they are Italian or EU citizens, not later than 3 November 2020.

Note: Candidates are considered not to have earned their degree yet when they have never obtained any academic degree mentioned at points 1-4. Those candidates who have already obtained one of these degrees and are enrolled to a second degree, are considered as graduate.

For those who have obtained more than an academic degree (always referred to points 1-4) the degree obtained first will be considered as the access qualification by the Committee.

Those who are already enrolled in the same doctoral course at this University cannot apply.

### Article 3 (Submission of applications for admission and degrees)

To participate in the admission test, all applicants must submit their application online, directly from the website of the University of Milano-Bicocca, by accessing the Online Registry's Office — admission test (https://s3w.si.unimib.it/esse3/Home.do#shortcut) not later than the deadline of 26 June 2020 at 12 noon (Italian time). No paper documents will have to be delivered to the offices.

Note: Registration to the admission tests will stop automatically at 12:00 noon on 26 June 2020; therefore, candidates are recommended to start the process well in advance in order to have it

#### completed by the deadline.

BICOCCA

The application has to to be drawn up as a self-certification, for all legal purposes, pursuant to the art. 46 and 47 of DPR 445/2000 and further amendments.

The documents attached to the application (assessable qualifications) have to be drawn up as self-certifications or statements in lieu of affidavit as required by law.

To this end, candidates may use the models of self-certification and of statement in lieu of affidavit available on the website at <a href="https://www.unimib.it/didattica/dottorato-ricerca/carriera/modulistica-dottorandi">https://www.unimib.it/didattica/dottorato-ricerca/carriera/modulistica-dottorandi</a>.

Note: Pursuant to Article 40 of Presidential Decree no. 445/2000, as amended by art. 15 of Law no. 183/2011, qualifications issued by the public administration must also be confirmed through self-certification.

The statement made by the candidate, which for all purposes substitutes the certification, must contain all the elements needed to assess the qualification to be submitted and their truthfulness. Omission of even one element shall result in the non-evaluation of the self-certified qualification. Self-certifications are only valid if signed with autograph signature.

It is not necessary to show the self-certifications of qualifications obtained or to be acquired in the University of Milano-Bicocca, the acquisition of which will be carried out officially.

#### Note: the information included in the curriculum vitae will not be assessed by the board of examiners.

The application procedure consists of two phases

- 1. **Registration with the University website,** at the end of which students are assigned a user name and a password; if you already have the access credentials for the private area (for example if you are a student or a former student of Milano-Bicocca University), you can skip this step. These credentials will be needed later for registration, if you are admitted to the PhD course.
- 2. **Filling out the application for admission:** by using their personal credentials, applicants must login and select "Admissions."

During the registration process, applicants are required to enter the details of their identity document and to upload the ID document and an ID photo in digital format (bitmap or jpeg) with a resolution of at least 300x400 pixels. The following documents must also be uploaded (applicants are recommended to prepare the documentation in PDF files not larger than 12MB before registering for the tests):

- Signed curriculum vitae et studiorum, preferably in Europass format: https://europass.cedefop.europa.eu/it/documents/curriculum-vitae;
- Any publications in extenso/conference papers (accompanied by a statement of conformity to the
  original one). Only publications uploaded in their full version will be evaluated. Papers accepted for
  publication within the deadline of the Call, have to be uploaded together with the publisher's letter of
  acceptance.
- Any self-certification of post-degree masters, training courses, advanced courses, specialization schools, any other second degrees;
- · Any certification of joint research and analysis;
- Any certification of training periods and/or research period abroad
- Self-certification of the exams taken and marks (only for students who have not obtained their degree yet);
- Research project, where required (see course description sheets).

#### Note: The research project discussed during the interview is not binding when assigning the actual dissertation topic to the successful candidates.

Candidates with a foreign degree must also upload the following documents:

- 1. copy of the foreign qualification comparable to the Italian qualification for length, level and disciplinary area, required for admission<sup>1</sup>; (mandatory)
- Diploma Supplement, Statement of local validity, certificate of comparability ENIC-NARIC and any other documents that are deemed useful to assess the qualification eligibility for the selected course; (not mandatory);
- 3. Transcript of records stating if possible the scale of values to which the marks refer to<sup>2</sup>; (mandatory)
- 4. translation of the documents (at point 1 and 3) in Italian or English, if issued in a different language

When in the documents uploaded it is not clear the length of the academic course and/or the eligibility of the foreign qualification for admission to the PhD program in the country where it was issued or the scale of values which the marks of the degree and of the exams refer to, the committee will be able to reject the admission to the competition or not to evaluate the marks.

Candidates with foreign qualifications are admitted to the competition under condition to produce, if successful, the documents of points 2, as indicated at art. 11.

#### Until expiration of the call, candidates will be able to change, add or remove the submitted documents, including after completion of the online application.

For courses that require submitting reference letters (see information sheets), candidates will have to provide the e-mail address and telephone of the reference teacher/expert when filling out the online application; the reference teacher/expert will receive an e-mail notification containing instructions on how to upload the reference letter, strictly by 29 June 2020. The candidate, in turn, will be notified when the letter has been uploaded; the letter, however, may only be viewed by the Selection Commission.

Candidates must have earned the submitted qualifications within the deadline of the call. Statements, qualifications, publications or requests to modify those already filed, received after expiration of the call for applications, will not be taken into consideration.

After completing this procedure, applicants must click the button PAYMENTS and pay € 10.00 as fee to cover expenses using the PagoPA payment system. The payment must be made within 29 June 2020, failing which the candidate will not be admitted to the tests.

Only payments made within such unconditional deadline shall be considered valid; accordingly, any complaint for failure to make the payment or late payment, including if due to reasons not attributable to the candidate, shall not be accepted.

A payment must be made for each application submitted.

The payment receipt should be carefully kept by the applicant. The University Administration reserves the right to request it as proof of payment.

<sup>&</sup>lt;sup>1</sup> If the foreign degree has already been declared equivalent to the Italian degree required for admission to the course, it is sufficient to attach a copy of the Decree of equivalence issued by another Italian university.

<sup>&</sup>lt;sup>2</sup> UE citizens may self-certify the documents indicated at point 1 and 3.

The aforesaid fee will not be reimbursed.

BICOCCA

Citizens from Non-EU countries, who are not resident in Italy, are exempt from the €10.00 fee for participation in the competitive examination.

Once the University of Milano-Bicocca has received the payment, candidates will be able to view and print, through the On-line Registrar's service, the registration receipt.

Pursuant to Article 75 of Presidential Decree no. 445/2000, if, on the basis of appropriate checks, the Administration finds out that the information provided by the candidate in his/her statement is false, the declarant shall forfeit any benefits obtained through a decision issued on the basis of such false statement. The university administration shall not be liable in the event of loss of documents due to errors in the residence, address or e-mail notified by the applicant, failure or delay in notifying changes in such contact information, or postal, telegraphic or telematic disruptions not attributable to the Administration's fault.

#### **Article 4**

#### (Candidates with disabilities (DIS) or with Specific Learning Difficulties (DSA))

Candidates with disabilities (DIS) or with Specific Learning Difficulties (DSA) can ask to benefit from the specific supports provided by law for the purpose of taking the admission test.

To this end, the interested parties are required to submit their request when applying for the test and to <u>attach</u> the <u>documents</u> certifying their disability or specific learning disorder in order for the University to be able to assess their request and properly organize the service.

The disability certification must:

- be issued by INPS, according to Law no. 118 of 30 March 1971 (civil disability)
- be issued by the public health authority responsible for the area, according to Law no. 104/92, as amended (disability statement)

#### The DSA diagnosis must:

- be compliant with the criteria set by the Consensus Conference (2011);
- contain the nosographic codes, the express name of the specific learning difficulty in question, contain
  the information necessary to understand the individual characteristics with indications of areas of
  strength and weakness;
- in addition, it must have been issued by units of NHS or by institutions or professionals accredited by the Regional Governments and be no more than three years old if issued before the candidate became of age (art. 3 of Law no. 170/2010 and subsequent State-Regions agreement of 24/07/2012).

# Failure to upload the documentation online within the deadlines specified in this notice shall prevent the candidate from benefitting from the requested support.

By the day before the test date, candidates shall receive an e-mail from the University Service for students with disabilities and learning difficulties at the email address they have notified, with confirmation of the services that will be provided and the necessary logistical and organizational information.

In the event they intend to cancel the "accompaniment/coaching" service/s, the candidates are required to send written notice to servizi.disabili.dsa@unimib.it.

Article 5 (Project scholarships)

The description sheets for each PhD program specify the scholarships or positions for the project, tied to the performance of specific research projects. The recipients of these positions are required to perform the specified research. More details on research projects can be found on the University website (https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme)

Candidates are reminded to read the Decree (referred to in article 1) published on 25 June 2020, which will contain additional project grants.

Similarly, in the description sheets of each PhD program you can find the positions available covered by an apprenticeship contract for advanced education and research. These positions, tied as well to specific research projects, are reserved to successful candidates, eligible for that specific project, aged not over 29 years at the date of recruitment by the company.

In order to express their interest for project grants or for the positions with high level training apprenticeship, candidates must fill out a questionnaire which will be available from **29 June 2020** to the mandatory deadline of **3 July, 2020** at **12 noon (Italian time).** 

To fill out the questionnaire you have to login to the Online Registrar Office/Admissions again and then select the name of the competitive examination for which you have previously registered.

Any expressions of interest may also be declared during the admission tests.

Only candidates who have expressly requested the positions for the project and for the high level training apprenticeship contracts via the questionnaire or direct statement to the Board, will be eligible for them.

For candidates who have expressed their interest in the positions for the project and for the high level training apprenticeship contracts, the Board shall also verify their suitability for the specific subject during the examination.

# Article 6 (Industrial/Executive PhD)

For some programs, positions of industrial/executive PhD are available and reserved to employees of companies which have an agreement with the University and involved in high level qualification.

The candidates who meet the requirements to be admitted to these positions will have to select "Executive position" and to upload a certificate stating their job situation issued by the employer or a self-certification if the employer is a Public Body. The positions will be assigned according to the merit ranking.

The agreements signed between the University and the Company set how to carry on the research activities and how to allocate the working time of the PhD student-worker.

More details on research projects can be found on the University website (<a href="https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme">https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme</a>).

### Article 7 (Extra Positions)

Eligible candidates that, on December 1st, 2020, are research grant holder, may be admitted as extra position. Also eligible candidates that, always at the above mentioned deadline, are scholarship holders or have other type of funding by Italian or foreign Bodies, without previous agreement, may be admitted as extra position. In both cases the enrolment in the PhD course is subject to the following conditions:

- 1) The eligible candidate has to present an application for enrolment in the PhD course, together with all the documents proving the funding allocation by December 1st, 2020
- 2) The PhD School will verify that the candidate actually meets the above mentioned requirements
- 3) The grant or the funding has to cover at least the whole official lenght of the course (36 or 48 months)
- 4) The Scientific Board of the Course involved has to evaluate the issue of the grant or of the funding and to

consider it corresponding to the research areas of the course

- 5) The Scientific Board has to approve the admission as an extra position.
- 6) The funding body will have to pay for the research budget. Otherwise the Department managing the PhD course involved will have to take charge of it. In this respect both the approval of the Scientific Board and the resolution of the Department Board will be mandatory.

As regards the extra positions, all candidates who are in the official ranking list are considered eligible as per art. 11 of this Call.

# Article 8 (Admission tests)

Admission shall take place according to the procedures described for each course in the annex to this Decree.

The selection procedure aims to ascertain the applicant's aptitude for scientific research and consists in an assessment of the qualifications and publications of candidates, combined with an oral examination, as established by each Academic Board.

Oral examinations are public.

The Board has 80 points in total to assign. The assessment of qualifications and publications may be assigned up to 20 points. Qualifications are assessed by the Board before the oral examination.

The examination is assigned a total of 60 points. In order to qualify candidate must achieve a score of at least 40 in the oral examination.

The final score is the sum of the points obtained in the assessment of qualifications, publications and oral examination.

Publication of the examination dates and the relative distribution of the candidates on Unimib's site

https://www.unimib.it/didattica/dottorato-ricerca/accedere-al-dottorato/avvisi-prove-ammissione-dottoratiricerca
ricerca
is to be considered as valid notification to all intents and purposes.

To take the examination, candidates must show a valid identity document, preferably the same that was specified in the admission procedure.

# Art.9 (Remote Interview)

The remote interview shall take place through a platform provided by the University; to this end, the candidate must indicate an e-mail account that the Board shall use for the video call.

Access to the interview is subject to passing a connection test that will be made a few days before the day fixed for the interview.

The candidate must be available at the personal address that he/she has previously notified, on the day set for the oral examination, according to the timetable set out in the PhD description sheet. The Board may set a specific time for starting the interview in agreement with the candidate.

For identification purposes, the candidate must identify himself/herself before the interview by showing his/her identification document; failure to do so shall result in exclusion from the competition.

A candidate may be excluded from the competition if he/she has failed to specify his/her personal address (account), the connection is not available, the connection test has failed, he/she cannot be found on the day or time set or if he/she does not show a valid identity document.

The University of Milano-Bicocca assumes no liability for any technical reasons that may prevent the smooth running of the interview.

### Article 10 (Boards of Examiners)

The Boards supervising the tests for admission to the PhD programs shall be formed and appointed in accordance with the laws and regulations in force.

# Article 11 (Rankings and enrolment procedures)

Candidates shall be ranked in descending order according to the overall score obtained by each of them; merit rankings shall be published on the Official Register of the University and the website <a href="https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme">https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme</a>. Only the rankings published on that website page shall be valid for admission to each PhD program.

The above methods of publication of the rankings and enrolment terms are considered as official notification in all respects; accordingly, **participants in the tests shall not receive any personal communication**, except for filling a vacancy.

Candidates shall be admitted to the program according to the ranking order and up to the number of places available.

The general ranking for admission to the Program shall also specify the candidates' eligibility for the project positions or for the high level training apprenticeship contracts for which they applied.

Scholarships of the University, or at least not tied to research projects, are assigned to candidates according to their ranking while project scholarships and the high level training apprenticeship contracts are granted on the basis of their suitability for the specific subject assessed by the Board.

If a candidate is eligible for both a generic and a project scholarship or for a high level training apprenticeship contract, the Board of Examiners shall decide which position to assign taking into account the overall assessment of the qualifications and the examination.

In the event of equal merit, both for places with and without scholarships, the younger candidate shall prevail.

If a specific ranking has been drawn up by the Board for each curriculum, candidates shall be admitted to each curriculum up to the number of places available for that curriculum. If the number of candidates admitted to a curriculum is lower than the number of scholarships available, the remaining scholarships shall be awarded to candidates competing for other curricula, according to their respective rankings.

If the reserved places are not assigned to foreign university graduates, they can be made available for the admission procedures of non-reserved places.

Failure to complete the registration procedures, to be carried out according to the instructions posted on the University website at page <a href="https://www.unimib.it/unimib-international/phd/how-apply">https://www.unimib.it/unimib-international/phd/how-apply</a>, within the deadline specified in the margin of the ranking, shall result in forfeiture of the right to access the program. In this case, the vacancies shall be awarded to other candidates according to their place in the merit ranking, who shall be convened by e-mail by the Doctoral School Department. If there are vacant places with scholarship, candidates who had not accepted places without scholarship shall also be contacted, according to their ranking.

The reallocation of vacancies shall also take place when an admitted candidate does not accept the place or loses his/her right to admission to the program within  $1^{st}$  December 2020. In the event of non-acceptance or forfeiture within such deadline, the PhD student shall not be entitled to receive the amount of scholarship accrued.

If a candidate's ranking enables access to more than one program, the candidate has to select one PhD program only.

Candidates with foreign education qualifications admitted to the course, will have to submit within 60 days from enrolment, failing which their career will be locked, the Statement of Local Validity of the qualification, issued by the Italian Diplomatic Representation in the country of the reference educational system under which the qualification was issued, if not delivered during the application procedure. As an alternative to the above Statement of Local Validity, a Diploma Supplement in English may be submitted, issued by the same institution that issued the qualification, prepared in accordance with the model developed by the European Commission, the Council of Europe and UNESCO/CEPES or the Statement of comparability issued by a ENIC-NARIC centre.

Those who intend to ask for the benefits of the right to study, will have to produce the documents requested by the respective Call and, in particular, the statement of local validity.

A copy of the entry visa for study/university reasons or a copy of the residence permit is required too.

Foreign candidates, who have been awarded scholarships financed by foreign institutions and who have been found eligible, shall be admitted to courses according to their ranking and up to the number of reserved places. Candidates must be in possession of such scholarship by 31 October 2020. They are required to supply proof of possession of the scholarship within the aforementioned date, via email at dottorati@unimib.it.

For information on foreign degrees and on registration procedures for foreign students please see the website at page <a href="https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme">https://en.unimib.it/education/doctoral-research-phd-programmes/how-apply-phd-programme</a> or contact welcome.desk@unimib.it.

Registration for the PhD program involves a full time and exclusive commitment. The Academic Board shall assess whether a candidate's occupation is compatible, provided it involves a limited time commitment.

The PhD student must participate in the activities planned in his/her curriculum, as indicated by the Academic Board, and must carry out the research assignments.

Enrolment in PhD courses is incompatible with the simultaneous enrolment in graduate courses, specialization courses, advanced and master courses, individual courses or other doctoral courses in Italy or abroad, except for specific international agreements and current legislative provisions for coordination with Medicine and Surgery specialization schools. Those enrolled in second cycle (master's) degree courses, who are eligible and intend to enrol in a PhD course, are required to request a temporary suspension of their studies.

### Article 12 (Scholarships)

The amount of the PhD scholarship is € 16,238.47 per year gross of social security contributions paid by the scholarship recipient. The scholarship is exempt from local income tax and personal income tax (IRPEF).

Project scholarships may only be assigned to candidates who have opted for them in accordance with art. 5 of this call for applications and who have been deemed eligible by the Board.

The amount of the scholarship is increased by 50% for periods spent abroad, up to a maximum 18 months. The scholarship is granted for one year and is renewed for each year of the program, provided that the student passes the test for admission to the next year.

The scholarship is paid in monthly instalments in arrears.

To take advantage of the scholarship, the winner must comply with the following requirements:

- 1) pursuant to art. 15, Section 16 of the Regulation of PhD Courses the scholarship is compatible with other incomes, provided that they do not exceed the maximum amount annually set by the Board of Directors. For calendar year 2021, the limit on annual gross personal income was set at €25,000.00.
- 2) Scholarships cannot be combined with other scholarships, regardless of the reasons for which they are granted, except those awarded by national or foreign institutions which can be used to supplement the training or research activity of the scholarship recipients, through periods of stay abroad.
- 3) Candidates have not been granted any other scholarship for a PhD course, even if not complete.

Employees of the public administration who are admitted to PhD courses, are granted a leave of absence during the ordinary length of the program, as established by collective bargaining or, for employees under public law, a special leave for study purposes, consistent with public administration requirements, pursuant to Article 2 of Law no. 476 of 13 August 1984, as amended, with or without research grant, unless they expressly waive their right, only if they are enrolled in a PhD course for the first time, regardless of the subject of the PhD program.

# Article 13 (Tuition and Fees)

The total of the contributions required for PhD Courses shall be decided by the Governing Body.

For the academic year 2020/2021, at the enrollment, all Doctoral students are required to pay € 156,00, as specified below:

- Stamp duty € 16.00 - Regional tax for the right to study €140.00

Doctoral students, **recipients of PhD scholarship**, have to pay the second instalment, consisting entirely of the single contribution and defined on the basis of the ISEE (Equivalent economic status indicator), from a minimum of € 200,00 up to a maximum of € 1.200,00, **by May 14**<sup>th</sup> **2021.** 

In order to correctly calculate the second instalment, doctoral students must obtain the ISEE certification for subsidies for the right to University study, by submitting the single statement in lieu of certification to CAAF (tax assistance) centres, other authorized entities or the INPS website. The University will automatically receive the relevant data. The deadline for submitting the single statement in lieu of certification will be published on the following page <a href="https://en.unimib.it/services/fees-and-funding">https://en.unimib.it/services/fees-and-funding</a>

Pursuant to Art. 8 paragraph 2 of the Decree of the President of the Council of Ministers no. 159 of 05/12/2013, the household of the applicant applying for the PhD course benefits only comprises the applicant, the spouse, children aged less than 18 and adult children, according to the rules set out in paragraphs 2 to 5 of Art. 3, and in any case without prejudice to the beneficiary's right to define his/her household according to the ordinary rules laid down in Article 3.

For more information on ISEE in relation to benefits for the right to university study, visit the University website at page <a href="https://en.unimib.it/services/fees-and-funding">https://en.unimib.it/services/fees-and-funding</a>

# Article 14 (Obtaining the qualification)

The PhD qualification is awarded upon completion of the PhD Course, upon passing the final examination, which involves the submission of a written thesis (PhD thesis) giving proof of original research work that has produced significant scientific results.

# Article 15 (Applicable law)

For all matters not covered in this call for applications, the laws and regulations on PhD courses shall apply.

### Article 16 (Personal data processing)

Personal data will be processed with reference to the provisions of Legislative Decree no. 196 of 30 June 2003 "Code on the protection of personal data" and subsequent amendments and additions as well as the UE Regulation 2016/679 (General Data Protection Regulation).

The disclosure concerning the personal data processing can be viewed at the following link: <a href="https://www.unimib.it/informativa-studenti">https://www.unimib.it/informativa-studenti</a>

### Article 17 (Procedure Manager)

Pursuant to Law no. 241 of 7 August 1990, the Procedure Manager of this call for applications is: Dott.ssa Luisa Lorenzi, Research Area, Head of the Doctoral School Department (piazza dell'Ateneo Nuovo, 1 - 20126 Milan).

Candidates are entitled to exercise the right to access the procedure records in accordance with the law in force. Their request, addressed to the Procedure Manager, must be sent to the Protocol Office - Piazza dell'Ateneo Nuovo, 1 - 20126 Milan.

	Education in Contemporary Society		
(Code 98R)			
Department	Human Sciences for Education "Riccardo Massa"		
Coordinator	Prof. Sergio Tramma		
Length of program	3 years		
Research topics	The PhD program aims to realize empirical, experimental, theoretical, transformative, historical, and/or comparative research projects, which focus significant issues of contemporary education and learning. We will take into consideration research projects devoted to illuminate the educational/pedagogical/training dimension of contemporary life in contexts of formal, non-formal and informal learning, with particular attention to the socio-educational services and interventions, to preschool and scholastic educational services, to issues related to migratory processes and intercultural educational policies, to changes in work and life phases and transitions. The following thematic areas reflect lines of research actively carried out in the PhD board and in the Department:  - intercultural education and challenges of interculturality;  - changing scenarios of work and professions;  - radicalization, violence and fundamentalism;  - emerging and hidden forms of distress, exclusion, injustice;  - education to active citizenship;  - lifelong, lifewide and lifedeep learning, in formal and informal settings;  - promotion of well-being and high quality life;  - education and training in health and care;  - development of social understanding in learners of different contexts;  - communication as a source of individual and collective well-being;  - ethical challenges in educational/training action;  - impact of different theoretical and epistemological approaches in understanding educational phenomena.  - diffusion and use of new technologies and media;

Selection procedures for ordinary places	r Assessment of qualific (videoconference)	l cations and public	ations + oral examination	
Selection procedures for reserved places				
	Assessment of qualifications and publications + oral examination (videoconference)  1) Grade of bachelor degree: max 3 points 2) Grade of master degree (second cycle): max 7 points 2bis) Grade of old system degree or single-cycle second level degree: max 10 points 3) Publications in extenso (already published or accepted by the publishers) and conference papers, of the last two years: max 4 points 4) Participations in post-degree masters, training courses, advanced courses, specialization schools, any other second degrees: max 2 points 5) Certification of joint researches and analysis: max 2 points 6) Certification of training periods and/or research periods abroad of at least two months: max 2 points The Committee will evaluates periods less than 2 months only if the early come back has been due to documented force majeure for COVID-19.  For those students who have not obtained their degree yet, the score of points 2 or 2bis will be replaced with the assessment of the average mark of the examinations:  • Students of Master grade (second cycle): max 7 points • Students of Master grade (second cycle): max 7 points • Students of old system degree (obtained under the laws in force prior to Ministerial Decree no. 509/1999) or single-cycle second level degree: max 10 points  The candidates interested to the joint curriculum with Surrey n. 6, will have to submit all the documentation in English.			
Information about examination	The examinations may be taken in Italian or English, at the candidate's discretion. Candidate's knowledge of English shall be tested during the oral			

	examination.		
	The oral examination for curriculum n. 6 will have to be taken only in English.		
	The oral examination will focus on the topics related to his own thesis and to the research project submitted by the candidate and will also test the basic knowledges related to the relevant research topics.		
	For this purpose, during the application process, in addition to their qualifications, candidates must also upload their research project that will have to state the relevant research topic among those ones indicated above (letters A-G). The project will have to be max. 2 A4 pages, excluding bibliography, drawn up according to the following structure: title, context and purpose of the project, underlying basis of the project, methods used to carry out the project, outline of results expected from the project.		
	The research project uploaded during the application will not be binding for the choice of the final thesis topic if the candidate is admitted to the course.		
	The candidate must submit two letters of recommendation, one of which from the supervisor of his/her second cycle (master's) degree thesis, or equivalent qualification, in accordance with art. 3. For the candidates interested to the joint curriculum 6 with the University of Surrey – UK, neither reference letters will have to be signed by the English supervisor.		
Examination dates	Oral examination: 24, 27, 28, 29, 31 July 2020, at 9:00 am.		
	If necessary, the oral examinations will go on 3, 4 and 5 August 2020.		
Academic information	https://www.fisica.unimib.it/it/didattica/dottorato/attivit%C3%A0-didattica-dottorato		
Further information	The results of the qualifications assessment, together with a breakdown of candidates in the examination days that has notification value for all legal purpose, will be published on 22 July 2020 on the University website at the following link: <a href="https://www.unimib.it/didattica/dottorato-ricerca/accedere-al-dottorato/avvisi-prove-ammissione-dottorati-ricerca">https://www.unimib.it/didattica/dottorato-ricerca/accedere-al-dottorato/avvisi-prove-ammissione-dottorati-ricerca</a> To enrol in the joint curriculum 6 with the University of Surrey (UK) a certificate of English is required:  - IELTS certificate score 6.5 is required (min. 6 in each areas) or Cambridge certificate level C1 (score 176 overall - min. 169 in each areas).  The certificate should be obtained no longer than 2 years before the date of the enrolment but necessarily before it.		
	The eligible candidate will have to enrol in Unimib and, only after and by January 1 <sup>st</sup> , in University of Surrey.  The choice of this curriculum involves a research period at the University of Surrey of 12 months during which the student is required to pay the		

registration fees provided by the University, equal to $\pounds$ 4.407 for UK / EU students. When possible, the University of Surrey will subsidize the difference between the fees of the two Universities. For extraUE students: please see the amount of the fees on the website of the University of Surrey.
Candidates interested in the joint curriculum 6 with the University of Surrey will have to fill out a questionnaire according to art. 5 of the Call.

Research Topics	With indications of the university Milano-Bicocca (MIB) or Pavia (PV) where they are developed:  • Algebra and Geometry: group theory, theory of Lie algebras and their representations (MIB); category theory, algebraic geometry (PV), real and complex differential geometry (MIB and PV), symplectic geometry (MIB) and hyperbolic geometry (PV).  • Mathematical Analysis: partial differential equations and their applications in physics, biology and engineering; control and optimization theory, nonlinear and functional analysis (MIB and PV); harmonic and geometric analysis (MIB); variational models and techniques, calculus of variations (PV).  • Numerical Analysis and Mathematical Modelling: study of numerical		

	was called at the apprehensit wat was decaded wines the apprehien	
	requested at the enrolment if not produced during the application.  Neither reference letters will have to be signed by the English supervisor.	
Assessment of qualifications	1) Grade of bachelor degree: max 3 points 2) Grade of master degree (second cycle): max 7 points 2bis) Grade of old system degree (obtained under the laws in force prior to Ministerial Decree no. 509/1999) or single-cycle second level degree: max 10 points 3) Publications in extenso (already published or accepted by the publishers and conference papers, of the last two years: max 4 points 4) Participations in post-degree masters, training courses, advanced courses, specialization schools, any other second degrees: max 2 points 5) Certification of joint researches and analysis: max 2 points 6) Certification of training periods and/or research periods abroad of at least two months: max 2 points	
	The Committee will evaluates periods less than 2 months only if the early come back has been due to documented force majeure for COVID-19.	
	For those students who have not obtained their degree yet, the score of points 2 or 2bis will be replaced with the assessment of the average mark of the examinations:  • Students of Master grade (second cycle): max 7 points  • Students of old system degree (obtained under the laws in force prior to Ministerial Decree no. 509/1999) or single-cycle second level degree: max 10 points	
	In addition to the above-mentioned qualifications, candidates will have to submit a motivation letter, specifying which of the two participating departments they find most suited to their scientific interests (Department of Pure and Applied Mathematics at the University of Milano Bicocca, with a possible declaration of interest for the curriculum in agreement with the University of Surrey, or "F. Casorati" Department of Mathematics of the University of Pavia). The candidate's choice must be scientifically motivated. The motivation letter will not be assessed, but it will be used as a starting point for the interview.	
	The candidates interested to the joint curriculum with Surrey n. 6, will have to submit all the documentation in English.	
Information about examinations	The interview will concern the research topics covered by the PhD course and will also refer to the motivation letter submitted by the candidate during the application procedure.  Candidates are encouraged to prepare a presentation (no more than 15 minutes) using a whiteboard or pdf-file slides.	
Examination dates	Oral examination: 7, 9, 10 September 2020, from 9.30 am.	
Important information	PhD STUDENTS AFFILIATION  The scholarships funded by the University of Milano-Bicocca and Pavia have a gross annual amount as in art. 12 of this call for applications.  Each scholarship funded by INdAM has a gross annual amount of €	

15.343,28 with the social security contributions to be paid by the grant holder (minimum ministerial amount provided for by the Ministerial Decree 40/2018 of 25 January).

The scholarship funded by the Università Cattolica del Sacro Cuore has a gross annual amount as in the art. 12 of this call for applications.

The scholarships funded by the University of Milano-Bicocca will be awarded to PhD students with a membership to the Department of Mathematics and its Applications of the University of Milano-Bicocca.

The scholarships funded by the University of Pavia will be awarded to PhD students with a membership to the "F. Casorati" Department of Mathematics of the University of Pavia.

The scholarships funded by INdAM are compatible with either membership according with the provisions below.

The scholarship funded by the Università Cattolica del Sacro Cuore is compatible with either membership.

#### **DETERMINATION OF THE AFFILIATION TO A DEPARTMENT**

At the end of the enrollments, the Academic Board of the PhD course will attribute to each PhD student the affiliation to one of the two departments involved, based upon the preference expressed in the motivation letter, and using the ranking order as a priority criterion, until all the scholarships of one of the two Universities have been assigned. To the first winner, in descending order of the ranking list, who is unable to obtain a scholarship from his/her preferred University, an INdAM scholarship will be assigned; this candidate will be allowed to choose his/her affiliation. Once all the scholarships of either one of the two Universities and the first INdAM scholarship have all been attributed, the remaining winners will be assigned to the other department, irrespective of their indicated preference, and will be attributed the University scholarships first and then the second INdAM scholarship.

If none of the candidates expresses preference for the curriculum in agreement with the University of Surrey, or no one is judged suitable for it by the Commission, the reserved fellowship will become available for eligible candidates who have expressed preference for UniMiB.

#### **Further information**

The results of the qualifications assessment, together with a breakdown of candidates in the examination days that has notification value for all legal purpose, will be published on 24 July 2020 on the University website at the following link: <a href="https://www.unimib.it/didattica/dottorato-ricerca/accedere-al-dottorato/avvisi-prove-ammissione-dottorati-ricerca">https://www.unimib.it/didattica/dottorato-ricerca/accedere-al-dottorato/avvisi-prove-ammissione-dottorati-ricerca</a>

Different tests and rankings are planned for curriculum 6 and the others (1-5).

During the admission procedure candidates may to apply for curriculum 6 or for all the other five curricula or both of them (curriculum 6 + the others)

To enrol in the joint curriculum 6 with the University of Surrey (UK) a certificate of English is required:

- IELTS certificate score 6.5 is required (min. 6 in each areas) or Cambridge certificate level C1 (score 176 overall - min. 169 in each areas).

the enrolment but necessarily before it.
The eligible candidate will have to enrol in Unimib and, only after and by
January 1 <sup>st</sup> , in University of Surrey.
The choice of this curriculum involves a research period at the University of
Surrey of 12 months during which the student is required to pay the
registration fees provided by the University, equal to £ 4.407 for UK / EU
students. When possible, the University of Surrey will subsidize the
difference between the fees of the two Universities.

For extraUE students: please see the amount of the fees on the website of the University of Surrey.

The certificate should be obtained no longer than 2 years before the date of

Scholarship and research budget in Unimib as per art. 12 of the Call and Rules of the PhD School.

#### **MOTIVATION LETTER AND RESEARCH ACTIVITY**

The Academic Board will assign a tutor to each PhD student, based on the motivation letter presented for the selection process and on the information collected during the interview. The tutor will be in charge of the supervision and guidance of the initial phase of the PhD career of the student. However, the motivation letter, the information collected during the interview and the choice of the tutor will not be strictly binding for the following and final choice of a research theme and dissertation topic by the student him/herself. The topic of the dissertation may be chosen within the research interests of the members of the Academic Board or, after authorization by the Board itself, of other external scholars.

Molecular and Translational Medicine — DIMET Joint PhD course with the University of Surrey - UK (Code 76R)			
Department	Medicine and Surgery		
Coordinator	Prof. Andrea Biondi		
Length of program	3 years		
Research topics	Clinical and Regenerative Medicine, Technological Platforms, Nanomedicine and Diagnosis, Neurodegenerative and muscular disorders, Oncological Hematological Disorders, Cardiovascular and Pulmonary Disorders, Immunological and Infective Disorders, Cellular and Molecular Mechanisms		
Places available	University scholarships	n. 7	
	Scholarships funded by the Department	n. 2	n. 1 scholarship funded by the grant "Departments of Excellence" PREMIA project and linked to the research project: "Defining the Molecular Landscape of Reparative Cardiac Progenitor cell by MS - Imaging and Advanced MS - Proteomics Approaches" This is a joint project with the

		University of Surrey. At the end of the program a double degree will be conferred.  n. 1 scholarship linked to the research project: "Defining the transcriptional signature in the tumor microenvironment at single cell level resolution."
Scholarships funded by external bodies	n. 9	n. 3 scholarships funded by Fondazione M. Tettamanti M. De Marchi Onlus linked to the following research projects: 1)"Oncogene induced senescence in ETV6/RUNX1 pre-leukemia: role and targeting." 2)"Engineered CAR T cells for efficient multi targeting of B-cell acute lymphoblastic leukemia: preventing immune evasion and post-CAR T relapses." 3)"Analysis of the molecular and cellular mechanisms underlying the impaired angiogenic ability of mesenchymal stromal cells derived from Shwachman-Diamond syndrome patients."  n. 2 scholarships funded by Fondazione Telethon and linked to the following research projects: )"Targeting of the altered interactions between hematopoietic stem cells and the bone marrow niche in betathalassemia" 2) "Dissection of immune dysregulation in RAG deficiency and development of novel gene correction strategies."  n. 2 scholarships funded by the Istituto Nazionale di Genetica
		Molecolare linked to the

		following research projects:  1)" The role of DNA transposable elements (TEs) in shaping human T lymphocytes identity and plasticity in immunity and cancer."  2) "Circulating tumor-derived T lymphocytes (CTDL) from patients' blood: role in the response to cancer immunotherapy and disease course."
		n. 2 scholarships funded by Istituto di Tecnologie Biomediche of CNR linked to the following research projects: 1)"Dissecting the role of chromatin conformation in muscular diseases." 2) "Study of chromatin accessibility in health and disease."
Position of Industrial/Executive PhD	n. 2	n. 1 reserved to employees of Fondazione IRCCS Istituto Neurologico "Carlo Besta"  n. 1 reserved to employees of ASST Papa Giovanni XXIII – Bergamo, linked to the research project: "Development and characterization of a novel therapeutic bispecific antibody directed against B cell membrane antigen (BCMA, CD269), for the treatment of multiple myeloma."
		To candidates interested to this position the following requirements are requested: Master degree in Biologia Molecolare Sanitaria e della Nutrizione (classe LM-06); 5 years of research experience in public or private labs (Laboratorio di ingegneria dei tessuti)

BICOCCA

The results of the qualifications assessment, curriculum 3, together with a breakdown of candidates in the examination days that has notification value for all legal purpose, will be published on 21 July 2020 on the University website at the following link:

https://www.unimib.it/didattica/dottorato-ricerca/accedere-al-dottorato/avvisi-prove-ammissione-dottorati-ricerca

Different tests and rankings are planned for the various curricula. Each candidate may participate in the selection for one curriculum only. If not all scholarships available for a curriculum – not linked to a specific research project - are assigned, they will be assigned according to a general ranking, made up of all those who are already enrolled, without scholarship, in other curricula, on the basis of the score obtained in the admission competition.

To enrol in the joint curriculum 3 with the University of Surrey (UK) a certificate of English is required:

- IELTS certificate score 6.5 is required (min. 6 in each areas) or Cambridge certificate level C1 (score 176 overall - min. 169 in each areas).

The certificate should be obtained no longer than 2 years before the date of the enrolment but necessarily before it.

The eligible candidate will have to enrol in Unimib and, only after and by January 1<sup>st</sup>, in University of Surrey.

At the enrolment the candidate must also submit two letters of recommendation, neither reference letters will have to be signed by the English supervisor.

The choice of this curriculum involves a research period at the University of Surrey of 12 months during which the student is required to pay the registration fees provided by the University, equal to  $\pounds$  4.195 for UK / EU students per year.

For extraUE students: please see the amount of the fees on the website of the University of Surrey.

The University of Surrey will provide a  $\pounds$  5.000 bench fee for students when based at Surrey.

Scholarships and research budget in Unimib as per art. 12 of the Call and Rules of the PhD School.

Further information	Admission to each curriculum is subject to a specific test. Candidates may only take the examinations for one curriculum.
	If not all scholarships available for a curriculum – not linked to a research project - are assigned, they will be assigned according to a general ranking, made up of all those who are eligible in other curricula, on the basis of the score obtained in the admission competition.

Converging Technologies for Biomolecular Systems (TeCSBi) (Code 99R)			
Department	Biotechnology and Bioscie		
Coordinator	Prof.ssa Paola Branduardi		
Length of program	3 years		
Research topics	(TeCSBi) is based on the their emerging properties properties.	The PhD Course in Converging Technologies for Biomolecular Systems (TeCSBi) is based on the study of biological systems both in the view of their emerging properties and of the molecular details defining their properties.  Research projects will be focused on three main pillars:	
	<ul> <li>Systems and molecular biology approaches for the study of complex biological functions</li> <li>Synthetic biology, Bio-organic Chemistry and Green Chemistry</li> <li>Bioprospecting, Bioprocesses, Management and Valorization of Natural Resources</li> </ul>		
Places available	University scholarships	n. 5	
	Scholarships funded by the Department	n. 4	n. 3 scholarships funded by the grant "Departments of Excellence" D.L. n. 232 of 11/12/2016, Vol I, Comm 314-338, linked to the research project: "CHRONOS - CHRonical multifactorial disorders explored

			by NOvel integrated Strategies"
			n. 1 scholarship funded by Department of Earth and Environmental Science linked to the following research project: EU-H2020 "Anticipating Safety Issue at the Design Stage of Nanoproduct Development (ASINA)"
	Position of Industrial/Executive PhD	n. 1	n. 1 reserved to employees of Cotonificio Albini S.p.A.
	High level training apprenticeship contracts	n. 2	n. 2 contracts with the Istituto di Ricerche Farmacologiche Mario Negri IRCCS linked to the following research project: 1) "Role of physico-chemical features of nanoparticles on their tropism toward the target in murine models of liver pathology" 2) "Role of energetic metabolism in ovarian cancer progression and response to therapy"
	Places without scholarships	n. 1	unorapy
	Total number of places available	n. 13	
Selection procedures	Assessment of qualific (videoconference)	ations and p	ublications + oral examination
Assessment of qualifications	10 points 3) Publications in exterpublishers) and conference 4) Participations in post-occurses, specialization sc 5) Certification of joint re 6) Certification of training least two months: max 2	ee (second cycle in degree or sing enso (already ce papers, of the degree masters, hools, any other searches and ar ing periods and, points	e): max 7 points gle-cycle second level degree: max  published or accepted by the e last two years: max 4 points training courses, advanced r second degrees: max 2 points halysis: max 2 points /or research periods abroad of at
	The Committee will evalu	uates periods le	ss than 2 months only if the early

	come back has been due to documented force majeure for COVID-19.
	For those students who have not obtained their degree yet, the score of points 2 or 2bis will be replaced with the assessment of the average mark of the examinations:  • Students of Master grade (second cycle): max 7 points  • Students of old system degree (obtained under the laws in force prior to Ministerial Decree no. 509/1999) or single-cycle second level degree: max 10 points
Information about examinations	The oral examination consists of an interview to test the candidate's knowledge of English.
Examination dates	Oral examination: 2,3,4 September 2020, at 10.00 am
